

## TESTIMONY OF LINDY WITNESS IS QUESTIONED

### Governor Hoffman Is Not Satisfied He Says

By Samuel G. Blackman, Associated Press Staff Writer, Trenton, N. J., Feb. 22.—(P)—Governor Harold C. Hoffman, who temporarily saved Bruno Richard Hauptmann from the electric chair a month ago, cast doubt today on the testimony that placed Hauptmann near the Lindbergh kidnapping March 1, 1932.

At the conclusion of two hours of questioning, Millard Whitely, Springfield, Ill., the governor said, "I was highly significant" that Whitely once told police he had seen no one near the Lindbergh home, and then apparently reversed himself when Hauptmann was arrested two and a half years later and identified him.

The governor said Whitely told him he had been promised a part of the \$25,000 reward, offered by the state for the arrest and conviction of the kidnaper, had received about \$160 for appearing as a witness, and thought more was due him.

"It would be very interesting," the governor said, "to know whether the promise of the reward played some part in his identification of Hauptmann in the Bronx."

Whitely's identification of Hauptmann at the extradition proceedings in the Bronx in October, 1934, was one reason New York authorities decided to grant New Jersey's request for the prisoner.

Hauptmann is under sentence to die the week of March 30.

Asked today if the results of Whitely's questioning might mean a second reprieve, the governor said, "I haven't considered it in that light, but it is a highly significant thing that on April 29, 1932, this man gave to two detectives, one of them from the state police, a statement that he never saw Hauptmann and in the Bronx county court house testified he had seen him on two occasions prior to the kidnapping."

The governor reiterated he had no present intention to grant another reprieve.

**NOT A CANDIDATE**  
Chicago, Feb. 22.—(P)—County Judge Win G. Knoch, of DuPage county, listed himself as a possible candidate for nomination for governor on the Republican ticket, announced today he will not be a candidate.

Knoch said petitions urging him to run had been signed by 50,000 voters, but he said he had neither the time nor the means to wage a campaign and declined to enter "financial or other entanglements."

## Weather

For Jacksonville and vicinity—Generally fair and warmer weather is predicted for today. Monday will be mostly cloudy and warmer.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: high 27, record 34 and low 12. Barometer readings were: A. M. 30.33; P. M. 30.15.

Chicago and vicinity—Generally fair, except some cloudiness, rising temperature Sunday; mostly moderate, with light winds; Monday unsettled, some probability of rain, warmer.

Illinois—Generally fair and warmer Sunday; Monday mostly cloudy, warmer in east and south, possibly some rain in north.

Indiana—Some cloudiness, rising temperature Sunday; Monday partly cloudy and warmer, possibly some rain in north.

Wisconsin—Somewhat unsettled, rising temperature Sunday; Monday unsettled, probably snow in north, and rain or snow in south, rising temperature in east and extreme south.

Missouri—Generally fair and warmer Sunday; Monday partly cloudy and mild.

Iowa—Generally fair and warmer Sunday; Monday unsettled, probably some rain, warmer in extreme east.

**Weekly Outlook**  
Chicago, Feb. 22.—(P)—Weather outlook for period of February 24 to 28: For the region of the Great Lakes: Rising temperature beginning of week most of area with no severe cold indicated thereafter; frequent precipitation.

## State Director Of Conservation Wants Birds Fed

### Fears Severe Winter Has Killed Many Quails And Pheasants

By Byno E. Tipps  
Springfield, Ill., Feb. 22.—(P)—Abnormal winter weather probably has taken a heavy toll of Illinois wild game—particularly quails and pheasants—Charles F. Thompson, State Director of Conservation, said today.

Despite a moderation of temperatures, Thompson continued to send out urgent pleas of "do not forget our game birds." Since the snow and ice began piling up, especially over the northern half of the state, the director carried on a campaign to bring the plight of wild game to the notice of sportsmen, farmers and nature clubs.

The state does not have funds with which to purchase and scatter feed generally over the state.

"The situation is critical," Thompson declared. "Most of the states is covered by an icy crust, deep snow or both cutting off natural sources of food. There is no doubt but that game birds are suffering severely."

Department workers have reported finding many dead quails and pheasants in scattered areas—victims of either the extreme cold or starvation.

Department workers said the weakened condition of game birds, because of a lack of food, would make them easier prey for predatory animals and that many would probably die before nesting time. They also pointed out that unfavorable weather during the hatching season might be further cause for alarm.

## Diplomats State British Oppose Italian Entente

### Great Britain Seeks To Block Alliance Reports Say

Rome, Feb. 22.—(P)—The report ran through diplomatic circles tonight that Great Britain seeks to block the rumored efforts to establish an alliance of Italy with Germany, Austria, Hungary and Poland.

No diplomat was willing to assert this report as a fact, but several pointed to the departure for Vienna for Sir Eric Drexler, British ambassador to Rome, as giving substance to the suggestion of a British maneuver.

Sir Eric let it be known he was going to Vienna for dental work. It was said he would stay in the Austrian capital a week.

The same diplomats who saw more behind his trip said they remembered that when Sir Eric was secretary to the League of Nations he was instrumental in getting financial aid for Austria. His word would mean much with the country's officials, they suggested.

Another report which ran the gamut of speculation was that Emperor Haile Selassie of Ethiopia was asking for peace through negotiations at Geneva. League of Nations and Ethiopian officials denied there had been such a move.

The purported peace proposal was said by informed sources to have been advanced by a steady advance of the Italian army in northern Ethiopia, over the route now followed by the ill-fated Italian expedition of 1935-36.

The Fascist forces were reported today to be only 15 miles from Amba Alaji, the farthest point reached by the old expedition which was turned back with terrific losses.

## Newspaper And Co-Defendants Are Acquitted

### Cost of Trial However Is Placed On Defendants By Mixed Jury

Washington, Pa., Feb. 22.—(P)—A jury acquitted the Philadelphia Inquirer tonight of a criminal libel charge brought by Attorney General Charles J. Margliotti but placed the costs of the trial on the defendant.

The five housewives and seven men rendered their verdict 28 hours and 14 minutes after receiving the case at 6:30 p. m. (Eastern Standard Time) last night.

The Inquirer in its article, published September 29 during a mayoralty campaign in Philadelphia, said Margliotti's law partners and associates were planning a "big tax fee grab."

Acquitted along with the Inquirer were the co-defendants, Editor John Trevor Cusick and general manager Charles A. Tyler.

The maximum penalty for conviction would have been a \$1,000 fine and a year's imprisonment.

The Inquirer's defense was the article was true, printed in the interest of "public welfare" and justified by the provision in the constitution guaranteeing "freedom of the press."

Judge William S. McLean, appointed by the supreme court, presided at the trial and received the verdict.

After they left the jury box, the jurors shook hands with the Inquirer's counsel, Ralph B. Evans, of Philadelphia.

## CLAIM LANDON BEST FITTED TO FIGHT NEW DEAL

### G. O. P. Spokesmen Dwelling On Issue Increasingly

By Edward J. Duffy  
Associated Press Staff Writer, Washington, Feb. 22.—(P)—Landon-for-president talk among Republican regulars veered upward tonight to the accompaniment of New Deal campaigning in the Kansas governor's own balliwick.

While Postmaster General Parley carried the New Deal cause to a Democratic rally at Topeka, President Roosevelt in Philadelphia evidenced a willingness to meet the "spending issue."

G. O. P. spokesmen dwell on that issue increasingly. Supporters of Landon for the presidential nomination have advanced him as best fitted to prosecute it, because of his record with the Kansas state budget.

A reason contributing to discussion of him was word from Ohio that the poll of 15,000 party members there showed Landon sentiment "continuing very strong." He was reported leading from the start.

Another possible Republican nominee, Senator Dickinson of Iowa, assailed Roosevelt spending in Pittsburgh this afternoon. People in despair, he said, "are led to believe that the federal government can, by itself, create some kind of synthetic prosperity."

The president, in accepting an honorary degree from Temple University, said he was "proud" to report that the government since 1933 had advanced over \$400,000,000 "to the cause of education."

Indicative further of the administration position, Parley on his western trip argued the spending had more than paid dividends by "saving" business from bankruptcy. He attacked criticisms made by former President Hoover, the Republican National committee, and—in his words—"a little cry baby brother," the American Liberty League.

## Senator Borah Opens Campaign In Washington

### Intimates Great Britain Involved In Campaign Against Neutrality

By Preston L. Grover  
Associated Press Staff Writer, Washington, Feb. 22.—(P)—Directly intimating Great Britain was involved in the League of Nations he was instrumental in getting financial aid for Austria. His word would mean much with the country's officials, they suggested.

Another report which ran the gamut of speculation was that Emperor Haile Selassie of Ethiopia was asking for peace through negotiations at Geneva. League of Nations and Ethiopian officials denied there had been such a move.

## Charles S. Deneen Will Not Make Race For U. S. Senator

### Professional Work Prevents Him Giving Entire Time to Duties

Chicago, Feb. 22.—(P)—Former U. S. Senator Charles S. Deneen announced today he would not seek the Republican nomination for his old post in the April primaries.

His statement set at rest recent reports he might enter the field against five other avowed candidates.

"The great problems which will come before the next congress should require the undivided attention of the senator during the sessions of the senate and between sessions," the Chicago attorney and Republican leader said.

"My professional work is such that I could not do justice to my law firm clients and give my entire attention to the duties of the office, were I fortunate enough to be elected."

"I feel that a grave crisis confronts the country, and I am willing to devote time outside of office hours to promoting the campaigns of the Republican candidates. I shall not, however, become a candidate."

Deneen's self-elimination left the field to former U. S. Senator Otis F. Glenn, Chicago; Oscar Nelson, Geneva, former state auditor; Orville J. Taylor, Chicago, former president of the Chicago School Board; William E. Hull, Peoria, former congressman; and William J. Baker, Chicago.

## Otis F. Glenn Opens Campaign At Murphysboro

### Republican Candidate For United States Senate States Platform

Murphysboro, Ill., Feb. 22.—(P)—Otis F. Glenn, Republican candidate for the U. S. senatorial nomination, opened his campaign tonight in this city of his birth. Glenn served in the Senate from 1928 to 1933.

"It is always embarrassing," Glenn said in an address prepared for delivery here "to devote an evening talking about oneself, but inasmuch as I am here to open my campaign, it is not only proper but entirely fitting that I should report to the people and submit my record and my program in case I should be re-elected."

Then going into his record, Glenn told how one of his first senatorial votes was against the Jones "five and ten" prohibition law enforcement law. He argued and voted against adherence to the World Court and entry into the League of Nations, opposed the ratification of the St. Lawrence waterway treaty, and favored the law forbidding corporations to prevent employers by contract from joining unions.

Turning to the future, Glenn said, "I am vigorously opposed to the program of the so-called New Deal. Under it, the anti-trust laws are ignored, monopoly flourishes, small business is made bankrupt, the freedom of the press is threatened, reckless expenditure increases the national debt, radicals become encouraged and alien communists multiply."

If nominated and elected, Glenn said, he would stand for "sound money, economy, reduction of the number of government employees, unemployment insurance and old age pensions, and honest administration of civil service laws. I shall be against inflation, repudiation, bureaucracy, extension of the waterways at taxpayers' expense, unreasonable government regulation, inspection and investigation."

The Idahoan did not name Great Britain directly in his propaganda drive. Nevertheless, after launching his accusation that foreign influence had been directed against this country's course in the Italo-Ethiopian conflict, he devoted a major portion of his address to a sharp discussion of Britain's aims and actions.

Asserting that England had found it to her interest to remain neutral "when Japan invaded Manchuria," Borah contended that her "national interests" in the African war had dictated a far from neutral policy.

"Great Britain's x x x clothing her strategy in the habiliments of humanity and peace," he said, "demanded that the world, including the United States, should move with her."

"Now, do not misunderstand me. I am conceding her right to be neutral in the Manchurian affair and unneutral in the Ethiopian affair. But I deny her right, or the right of any group of nations, to brand the United States as favoring war or as pursuing a course selfish or immoral in adopting a policy of neutrality as against the Italian and Ethiopian controversies, or any other controversy in Europe."

**WILL OPPOSE GORE**  
Shawnee, Okla., Feb. 22.—(P)—Governor E. W. Marland, a militant advocate of the New Deal, announced today his candidacy for the Democratic nomination for United States Senator from Oklahoma—the office to which blind Senator T. P. Gore is seeking re-election.

In an address before the Oklahoma League of Young Democrats the governor indirectly criticized Gore for alleged failure to cooperate fully in the New Deal plans.

**EDNA SLOANE DIES**  
Pikeville, Ky., Feb. 22.—(P)—The fourth member of her family to die within a week, Mrs. Edna Damron Sloane, of Lookout, Ky., succumbed here today. Death was attributed by physicians to pneumonia poisoning, as were the deaths of her three children.

## CONGRESS TAX PARLEY IS SET FOR NEXT WEEK

### Recommendations To Be Made By F. D. R. Soon

Washington, Feb. 22.—(P)—Word from the White House to "keep Thursday night open" quickened expectation of congressional leaders today that President Roosevelt will soon make known his tax recommendations.

The executive, it was learned, has asked his legislative chiefs to be ready for a meeting with him fixed tentatively for February 27, following his return from Hyde Park, N. Y.

Mr. Roosevelt told newsmen yesterday that he expected to study the tax situation during his absence from the Capital. He was in Cambridge, Mass., tonight, and will go from there to his Hyde Park home.

News of the conference was accompanied by an intimation that the executive proposals would be submitted to Congress either next Friday or early in the following week and brought to the floor of the House after a fortnight's hearings by the ways and means committee.

At the same time, it was learned that the present delay in the formulation of the administration program has been occasioned largely by careful examination and reexamination to fortify it against constitutional objections based upon the supreme court's AAA decision.

For several days the general expectation has been that the new program would be confined to providing funds for financing new farm benefits. The court ruled the processing tax was an unconstitutional exaction when applied for the purpose of regulating agricultural production.

However, the farm plan has been changed from one of limiting acreage planted to one of encouraging conservation of the soil with subsidies for acres planted to crops which will increase fertility, decrease erosion and promote flood control.

## Take Precautions Against Floods In Midwestern States

### Governor Herring of Iowa Would Mobilize CCC Workers

Chicago, Feb. 22.—(P)—Precautions against widespread spring floods got serious attention in a half dozen midwestern states today.

Although weather bureau officials in Washington have concluded from their study of national conditions that general floods will not necessarily follow the thawing of record snows, old timers on the banks of the corn belt streams are inclined to take no chances.

Gov. Clyde Herring of Iowa announced he would seek mobilization of CCC workers and various other agencies in the event floods expected in his state materialized. Several cities have requested WPA funds for levee and rip-rap work.

In Illinois, the mayors of 13 Fox River valley towns were invited to meet at Aurora Sunday to map a defense against the danger.

With ice on the Missouri river 30 inches thick, farmers in the Yankton, S. D., vicinity made preparations for flight from the bottomlands in case the "break up" should come suddenly. The city commission at Yankton has authorized construction of a boat to be mounted on wheels so it can be moved quickly for launching where needed.

Dynamite has been stored at Blair, Neb., and other points where there are bridges for use in breaking up ice jams. But Capt. H. B. Loper, army district engineer at Omaha where the ice in the Missouri is two to three feet thick, said the explosive would be no help in big jams. They will have to break themselves up, Capt. Loper said.

## Roosevelt Slate Will Be Rejected

### Los Angeles, Feb. 22.—(P)—The state End Poverty League convention tomorrow "undoubtedly" will reject President Roosevelt's California Democratic delegation slate and choose its own, pledged to someone else, Al Sessions, political committee chairman of the league, said today.

Sessions said Upton Sinclair, 1934 Democratic nominee for governor, probably will be strongly urged to permit use of his name as a nominal presidential candidate so the slate can get on the ballot. If Sinclair declines, another pledge will be chosen.

Epic forces could not accept the slate announced yesterday from Washington, as the president's choice, Sessions declared, because it would be a "McAdoo-dominated" delegation including men who bolted Sinclair in 1934. Not more than 17 persons on the slate could be called liberal enough to deserve epic support, he said, and no more than 12 of these are real Epics, Sessions said.

Miss Dollie Trilippe was included in the number of Saturday visitors in Jacksonville.

## Senate Objections Cause Administration Farm Bill To be Sent to Conference

### By D. Harold Oliver Associated Press Staff Writer, Washington, Feb. 22.—(P)—House revision of the administration's half-billion dollar soil conservation-subsidy bill brought stern senate Democratic protests today which sent the measure to conference for adjustment of differences.

Senator Smith (D-Ala.), co-sponsor of the senate version with Senator Bankhead (D-Ala.), was so incensed over the house action that he threw up his hands in disgust and inquired: "What kind of a fool thing is this they have adopted?"

Senator McNary (D-Ore.), the Republican leader, who assailed the legislation when it was before the senate as a "subterfuge, fraud and sham," displayed his feelings by refusing to serve on the conference committee.

Smith had the senate disagree to the house amendments as soon as the bill was received and asked for a conference. Vice-President Garner named Smith, Murphy (D-Ia.), Pope (D-Ia.) and Capper (R-Kans.) as the senate conferees. Smith said he would propose Senator Frazier (R-N.D.) for the place turned down by McNary. The house will appoint conferees Monday.

Some senators expressed belief the conferees would have difficulty composing the many differences. Delay, they added, would interfere with plans to get the subsidy program going before spring crops are planted.

(The bill in a general way would authorize payment up to \$500,000,000 in federal subsidies to farmers for taking land out of crop production to promote soil fertility. For two years, the subsidies would be paid directly or to states. After 1938, the subsidies would be administered only by states.)

Smith objected particularly to a house amendment permitting tenant farmers and share croppers to participate in "conditional" benefit payments in proportion to losses suffered through substitution of soil-building crops for food crops.

Another amendment expected to draw opposition from senate conferees is that requiring the secretary of agriculture to establish, at as rapid a rate as he deems practicable, a pre-war parity between farm and non-farm net income and at the same time keep production above the 1920-29 consumption level.

A similar amendment offered by Senator Wagner (D-N.Y.) was defeated overwhelmingly in the senate after Senator Borah (R-Ida.) had observed the objective was laudable but as framed it would confer power upon the secretary of agriculture to "adjust income in the United States." He stressed the word "income" as contrasted from parity "prices" under the old AAA.

## COOLIDGE FURNITURE WILL BE SOLD SOON

### Northampton, Mass., Feb. 22.—(P)—Furniture with which the late President Calvin Coolidge set up his home-keeping 39 years ago will go under a Northampton auctioneer's hammer this spring.

Auctioneer George Bean, a justice of peace and court probator officer, listed the pieces, now in storage today. No date has been set for the sale, but it is expected it will be completed before Mrs. Grace Goodhue Coolidge, the president's widow returns from a trip to England.

Coolidge, who rose from mayor of this city to become the 30th president of the United States, left his imprint upon the auction list. The articles for sale include two small zinc-lined chests in which cigars were shipped here from Washington and which the late president carefully saved with his customary frugality.

Gov. Clyde Herring of Iowa announced he would seek mobilization of CCC workers and various other agencies in the event floods expected in his state materialized. Several cities have requested WPA funds for levee and rip-rap work.

In Illinois, the mayors of 13 Fox River valley towns were invited to meet at Aurora Sunday to map a defense against the danger.

**Governor Horner Has Completed His State Slate**  
Homer Mat Adams, Jr., of Urbana, Will Run For State Auditor

By Curtis R. Hay,  
Associated Press Staff Writer, Springfield, Ill., Feb. 22.—(P)—With only one day left for primary candidates to file their petitions, Governor Horner today completed his selection of running mates to pit against the Kelly-Nash regular Democratic organization ticket.

The third and final member picked by Mr. Horner for his partial slate is a 26-year-old "dark horse," Homer Mat Adams, Jr., of Urbana, whose petitions for the auditor's race were placed in circulation.

Among other political developments was announcement that the Kelly-Nash candidates, headed by Dr. Herman N. Bundesen of Chicago for governor, would start their downstate stump tour March 1.

Charles S. Deneen of Chicago, former Republican governor and senator, announced that he would not be a candidate for the Senate again.

William E. Hull of Peoria, former congressman who is one of the senatorial candidates, announced that he has resigned as vice-president of a Peoria distillery.

Meanwhile the secretary of state's office took advantage of the Washington birthday holiday to rest up for the rush of last minute filings on Monday for the April 14 primary. It was reiterated that the office would close Monday at the regular hour of 5 p. m. instead of staying open until midnight.

Candidates who file then will have until next Saturday night to withdraw from the fields, which are crowded on the Republican side.

James H. (High Heels) Kirby of Petersburg, a frequent entry in Democratic primaries, said he would not file for governor since Mr. Horner is opposed by Dr. Bundesen.

## TESTIMONY OF LINDY WITNESS IS QUESTIONED

Governor Hoffman Is Not Satisfied He Says

By Samuel G. Blackman, Associated Press Staff Writer.  
Trenton, N. J., Feb. 22.—(P)—Governor Harold G. Hoffman, who temporarily saved Bruno Richard Hauptmann from the electric chair a month ago, cast doubt today on the testimony that placed Hauptmann near the Lindbergh kidnapping, March 1, 1932.

At the conclusion of two hours of questioning, Millard Whitely, Southland lumberjack, the governor said, that was "highly significant" that Whitely once told police he had seen no one near the Lindbergh home, and then apparently reversed himself when Hauptmann was arrested two and a half years later and identified him.

The governor said Whitely told him he had been promised a part of the \$25,000 reward, offered by the state for the arrest and conviction of the kidnaper, had received about \$150 for appearing as a witness, and thought more was due him.

"It would be very interesting," the governor said, "to know whether the promise of the reward played some part in his identification of Hauptmann in the Bronx."

Whitely's identification of Hauptmann at the extradition proceedings in the Bronx in October, 1934, was one reason New York authorities decided to grant New Jersey's request for the prisoner.

**NOT A CANDIDATE**  
Chicago, Feb. 22.—(P)—County Judge Win G. Knoch, of DuPage County, listed himself as a possible candidate for nomination for governor on the Republican ticket, announced today he will not be a candidate.

Knoch said petitions urging him to run had been signed by 50,000 voters, but he said he had neither the time nor the means to wage a campaign and declined to enter "financial or other entanglements."

## State Director Of Conservation Wants Birds Fed

Fears Severe Winter Has Killed Many Quails And Pheasants

By Byno E. Tipps  
Springfield, Ill., Feb. 22.—(P)—Abnormal winter weather probably has taken a heavy toll of Illinois' wild game—particularly quails and pheasants—Charles F. Thompson, State Director of Conservation, said today.

"The situation is critical," Thompson declared. "Most of the states is covered by an icy crust, deep snow or both, cutting off natural sources of food. There is no doubt but that game birds are suffering severely."

Department workers have reported finding many dead quails and pheasants in scattered areas—victims of either the extreme cold or starvation.

Department workers said the weak condition of game birds, because of a lack of food, would make them easier prey for predatory animals and that many would probably die before nesting time. They also pointed out that unfavorable weather during the hatching season might be further cause for alarm.

## Diplomats State British Oppose Italian Entente

Great Britain Seeks To Block Alliance Reports Say

Rome, Feb. 22.—(P)—The report ran through diplomatic circles tonight that Great Britain seeks to block the rumored efforts to establish an alliance of Italy with Germany, Austria, Hungary and Poland.

No diplomat was willing to assert this report as a fact, but several pointed to the departure for Vienna for Sir Eric Drummond, British ambassador to Rome, as giving substance to the suggestion of a British maneuver.

Sir Eric let it be known he was going to Vienna for dental work. It was said he would stay in the Austrian capital a week.

The same diplomats who saw more behind his trip said they remembered that when Sir Eric was secretary to the League of Nations he was instrumental in getting financial aid for Austria. His word would mean much with the country's officials, they suggested.

Another report which ran the gamut of speculation was that Emperor Haile Selassie of Ethiopia was asking for peace through negotiations at Geneva. League of Nations and Ethiopian officials denied there had been such a move.

The purported peace proposal was said by informed sources to have been caused by a steady advance of the Italian army in northern Ethiopia, over the route once followed by the ill-fated Italian expedition of 1895-96.

The Fascist forces were reported today to be only 15 miles from Amba Alaji, the farthest point reached by the old expedition which was turned back with terrific losses.

## Newspaper And Co-Defendants Are Acquitted

Cost of Trial However Is Placed On Defendants By Mixed Jury

Washington, Pa., Feb. 22.—(P)—A jury acquitted the Philadelphia Inquirer tonight of a criminal libel charge brought by Attorney General Charles J. Margiotti but placed the costs of the trial on the defendant.

The five housewives and seven men rendered their verdict 28 hours and 14 minutes after receiving the case at 6:30 p. m. (Eastern Standard Time) last night.

The Inquirer in its article, published September 29 during a mayoralty campaign in Philadelphia, said Margiotti's law partners and associates were planning a "big tax fee grab."

Acquitted along with the Inquirer were the co-defendants, Editor John Trevor Custis, and general manager Charles A. Tyler.

The maximum penalty for conviction would have been a \$1,000 fine and a year's imprisonment.

The Inquirer's defense was the article was true, printed in the interest of "public welfare" and justified by the provision in the constitution guaranteeing "freedom of the press."

## CLAIM LANDON BEST FITTED TO FIGHT NEW DEAL

G. O. P. Spokesmen Dwelling On Issue Increasingly

By Edward J. Duffy  
Associated Press Staff Writer  
Washington, Feb. 22.—(P)—Landon-for-president talk among Republican regulars veered upward tonight to the accompaniment of New Deal campaigning in the Kansas governor's own balliwick.

While Postmaster General Farley carried the New Deal cause to a Democratic rally at Topeka, President Roosevelt in Philadelphia evidenced a willingness to meet the "spending issue."

O. P. spokesmen dwell on that issue, increasingly. Supporters of Landon for the presidential nomination have advanced him as best fitted to prosecute it, because of his record with the Kansas state budget.

A reason contributing to discussion of him was word from Ohio that the poll of 15,000 party members there showed Landon sentiment "continuing very strong." He was reported leading from the start.

Another possible Republican nominee, Senator Dickinson of Iowa, assailed Roosevelt spending in Pittsburgh this afternoon. People in despair, he said, "are led to believe that the federal government can, by itself, create some kind of synthetic prosperity."

The president, in accepting an honorary degree from Temple University, said he was "proud" to report that the government since 1933 had advanced over \$400,000,000 "to the cause of education."

Indicative further of the administration position, Farley on his western trip argued the spending had more than paid dividends by "saving" business from bankruptcy. He attacked criticisms made by former President Hoover, the Republican National committee, and—in his words—"a little cry baby brother," the American Liberty League.

## Senator Borah Opens Campaign In Washington

Intimates Great Britain Involved In Campaign Against Neutrality

By Preston L. Grover  
Associated Press Staff Writer  
Washington, Feb. 22.—(P)—Directly intimating Great Britain was involved in the campaign, Senator Borah of Idaho tonight charged that campaign of "insidious propaganda" had been conducted from abroad against America's neutrality policy in the Italo-Ethiopian war.

In his first formal speech since openly avowing himself a Republican presidential candidate, Borah confided himself almost entirely to international issues. His Washington's birthday radio address, urging a tenacious "aloofness from the political affairs and controversies of the old world" as advised by the first president, was made the basis for meetings of "Borah for President" clubs in various parts of the country.

The Idahoan did not name Great Britain directly in his propaganda charge. Nevertheless, after launching his accusation that foreign influence had been directed against this country's course in the Italo-Ethiopian conflict, he devoted a major portion of his address to a sharp discussion of Britain's aims and actions.

Asserting that England had found it to her interest to remain neutral "when Japan invaded Manchuria," Borah contended that her "national interests" in the African war had dictated a far from neutral policy.

"Great Britain x x x clothing her strategy in the habiliments of humanity and peace," he said, "demanded that the world, including the United States, should move with her."

"Now, do not misunderstand me. I am conceding her right to be neutral in the Manchurian affair and unneutral in the Ethiopian affair. But I deny her right, or the right of any group of nations, to brand the United States as favoring war or as pursuing a course selfish or immoral in adopting a policy of neutrality as against the Italian and Ethiopian controversy, or any other controversy in Europe."

Shawnee, Okla., Feb. 22.—(P)—Governor E. W. Marland, a militant advocate of the New Deal, announced today his candidacy for the Democratic nomination for United States Senator from Oklahoma—the office to which blind Senator T. P. Gore is seeking re-election.

In an address before the Oklahoma League of Young Democrats the governor indirectly criticized Gore for alleged failure to cooperate fully in the New Deal plans.

Pikeville, Ky., Feb. 22.—(P)—The fourth member of her family to die within a week, Mrs. Edna Damron Slone, of Lookout, Ky., succumbed today. Death was attributed by physicians to ptomaine poisoning, as were the deaths of her three children.

## Charles S. Deneen Will Not Make Race For U. S. Senator

Professional Work Prevents Him Giving Entire Time to Duties

Chicago, Feb. 22.—(P)—Former U. S. Senator Charles S. Deneen announced today he would not seek the Republican nomination for his old post in the April primaries.

His statement set at rest recent reports he might enter the field against five other avowed candidates.

"The great problems which will come before the next congress should require the undivided attention of the senator during the sessions of the senate and between sessions," the Chicago attorney and Republican leader said.

"My professional work is such that I could not do justice to my law firm clients and give my entire attention to the duties of the office, were I fortunate enough to be elected."

"I feel that a grave crisis confronts the country, and I am willing to devote time outside of office hours to promoting the campaigns of the Republican candidates. I shall not, however, become a candidate."

Deneen's self-elimination left the field to former U. S. Senator Otis P. Glenn, Chicago; Oscar Nelson, Geneva, former state auditor; Orville J. Taylor, Chicago, former president of the Chicago School Board; William E. Hall, Peoria, former congressman; and William J. Baker, Chicago.

## Otis F. Glenn Opens Campaign At Murphysboro

Republican Candidate For United States Senate States Platform

Murphysboro, Ill., Feb. 22.—(P)—Otis F. Glenn, Republican candidate for the U. S. senatorial nomination, opened his campaign tonight in this, the city of his birth. Glenn served in the Senate from 1928 to 1933.

"It is always embarrassing," Glenn said in an address prepared for delivery here "to devote an evening talking about oneself, but inasmuch as I am here to open my campaign it is not only proper but entirely fitting that I should report to the people and submit my record and my program in case I should be re-elected."

Then going into his record, Glenn told how one of his first senatorial votes was against the Jones "five and ten" prohibition law enforcement law. He argued and voted against adherence to the World Court and entry into the League of Nations, opposed the ratification of the St. Lawrence waterway treaty, and favored the laws forbidding corporations to prevent employees, by contract, from joining unions.

Turning to the future, Glenn said: "I am vigorously opposed to the program of the so-called New Deal. Under it, the anti-trust laws are ignored, monopoly flourishes, small business is made bankrupt, the freedom of the press is threatened, reckless expenditure increases the national debt, radicals become encouraged and alien communists multiply."

If nominated and elected, Glenn said, he would stand for "sound money, economy, reduction of the number of government employees, unemployment insurance and old age pensions, and honest administration of civil service laws. I shall be against inflation, repudiation, bureaucracy, extension of the waterways at taxpayers' expense, unreasonable government regulation, inspection and investigation."

## Iowa "Kiss Slayer" Is Found Guilty

Sidney, Ia., Feb. 22.—(P)—Found guilty of manslaughter in the "kiss slaying" of W. J. Mawhor, Riverton, Ia., farmer, Charles Brown, Phelps, Mo., laborer, remained in jail here tonight awaiting sentence, March 7.

The jury, which found Brown guilty, received the case at 10:40 a. m. yesterday and deliberated all last night before arriving at a verdict early today.

Jurors reported they took 22 ballots. Contending he shot Mawhor in self defense, Brown testified he went to the farmer's home to ask him to "take care" of his daughter, Ruby Brown, 18. He said the girl told him Mawhor had made advances to her while she was employed as a domestic at the Mawhor home.

The maximum penalty for manslaughter is eight years in prison and a \$1,000 fine. A \$5,000 appeal bond was set.

**ROB PACKING COMPANY**  
East St. Louis, Ill., Feb. 22.—(P)—Two masked bandits held up the Circle Packing Company here today and escaped with \$1,000 in cash and checks officials estimated would total \$5,500. It was the first major daylight robbery here since 1932.

While a third man waited in a nearby automobile, the two bandits, armed with automatic pistols, entered the office behind a company chauffeur. One threatened the office employee while his companion rifled the cash register.

## CONGRESS TAX PARLEY IS SET FOR NEXT WEEK

Recommendations To Be Made By F. D. R. Soon

Washington, Feb. 22.—(P)—Word from the White House to "keep Thursday night open" quickened expectation of congressional leaders today that President Roosevelt will soon make known his tax recommendations.

The executive, it was learned, has asked his legislative chiefs to be ready for a meeting with him fixed tentatively for February 27, following his return from Hyde Park, N. Y.

Mr. Roosevelt told newsmen yesterday that he expected to study the tax situation during his absence from the Capital. He was in Cambridge, Mass., tonight, and will go from there to his Hyde Park home.

News of the conference was accompanied by an intimation that the executives proposals would be submitted to Congress either next Friday or early in the following week and brought to the floor of the House after a fortnight's hearings by the ways and means committee.

At the same time, it was learned that the present delay in the formulation of the administration program has been occasioned largely by careful examination and reexamination to fortify it against constitutional objections based upon the supreme court's several decisions.

For several days the general expectation has been that the new program would be confined to providing funds for financing new farm benefits. The court ruled the processing tax was an unconstitutional exaction when applied for the purpose of regulating agricultural production.

However, the farm plan has been changed from one of limiting acreage planted, to one of encouraging conservation of the soil with subsidies for acreages planted to crops which will increase fertility, decrease erosion and promote flood control.

## Take Precautions Against Floods In Midwestern States

Governor Herring of Iowa Would Mobilize CCC Workers

Chicago, Feb. 22.—(P)—Precautions against widespread spring floods got serious attention in a half dozen midwestern states today.

Although weather bureau officials in Washington have concluded from their study of national conditions that general floods will not necessarily follow the thawing of record snows, old timers on the banks of the corn belt streams are inclined to take no chances.

Gov. Clyde Herring of Iowa announced he would seek mobilization of CCC workers and various other agencies in the event floods expected in his state materialized. Several cities have requested WPA funds for levee and rip rap work.

In Illinois, the mayors of 13 Fox River valley towns were invited to meet at Aurora Sunday to may a defense against the danger.

With ice on the Missouri river 30 inches thick, farmers in the Yankton, S. D., vicinity made preparations for flight from the bottomlands in case the "break up" should come suddenly.

The city commission at Yankton has authorized construction of a boat to be mounted on wheels so it can be moved quickly for launching where needed.

Dynamite has been stored at Blair, Neb., and other points where there are bridges for use in breaking up ice jams. But Capt. H. B. Loper, army district engineer at Omaha where the ice in the Missouri is two to three feet thick, said the explosive would be no help in big jams. They will have to break themselves up, Capt. Loper said.

## Roosevelt Slate Will Be Rejected

Los Angeles, Feb. 22.—(P)—The state End Poverty League convention tomorrow "undoubtedly" will reject President Roosevelt's California Democratic delegation slate and choose its own, pledged to someone else, Al Seidman, political committee chairman of the league, said today.

Sessions said Upton Sinclair, 1934 Democratic nominee for governor, probably will be strongly urged to permit use of his name as a nominal presidential candidate so the slate can get on the ballot. If Sinclair declines, another pledge will be chosen.

Epic forces could not accept the slate announced yesterday from Washington, as the president's choice, Sessions declared, because it would be a "McAdoo-dominated" delegation, including men who bolted Sinclair in 1934. Not more than 17 persons on the slate could be called liberal enough to deserve epic support, he said, and no more than 12 of these are real Epics, Sessions said.

Miss Dottie Tippet was included in the number of Saturday visitors in Jacksonville.

## Senate Objections Cause Administration Farm Bill To be Sent to Conference

By D. Harold Oliver  
Associated Press Staff Writer  
Washington, Feb. 22.—(P)—House revision of the administration's half-billion dollar soil conservation-subsidy bill brought stern senate Democratic protests today which sent the measure to conference for adjustment of differences.

Senator Smith (D-Ala.), co-sponsor of the senate version with Senator Rankin (D-Ala.), was so incensed over the house action that he threw up his hands in disgust and inquired: "What kind of a fool thing is this they have adopted?"

Senator McNary, of Oregon, the Republican leader, who assailed the legislation when it was before the senate as a "subterfuge, fraud and sham," displayed his feelings by refusing to serve on the conference committee.

Smith had the senate disagree to the house amendments as soon as the bill was received and asked for a conference. Vice-President Garner named Smith, Murphy (D-Ia.); Pope (D-Ind.) and Capper (R-Kans.) as the senate conferees. Smith said he would propose Senator Frazier (R-N.D.) for the place turned down by McNary. The house will appoint conferees Monday.

Some senators expressed belief the conferees would have difficulty composing the many differences. Delay, they added, would interfere with plans to get the subsidy program going before spring crops are planted.

(The bill, in a general way, would authorize payment up to \$500,000,000 in federal subsidies to farmers for taking land out of crop production to promote soil fertility. For two years, the subsidies would be paid directly or to states. After 1938, the subsidies would be administered only by states.)

Smith objected particularly to a house amendment permitting tenant farmers and share croppers to participate in "conditional" benefit payments in proportion to losses suffered through substitution of soil-building crops for food crops.

Another amendment expected to draw opposition from senate conferees is that requiring the secretary of agriculture to establish, at as rapid a rate as he deems practicable, a pre-war parity between farm and non-farm net income and at the same time keep production above the 1920-29 consumption level.

A similar amendment offered by Senator Wagner (D-N.Y.) was defeated overwhelmingly in the senate after Senator Borah (R-Ida.) had observed the objective was laudable but as framed it would confer power upon the secretary of agriculture to "adjust income in the United States." He stressed the word "income" as contrasted from parity "prices" under the old AAA.

## COOLIDGE FURNITURE WILL BE SOLD SOON

Northampton, Mass., Feb. 22.—(P)—Furniture with which the late President Calvin Coolidge set up house-keeping 30 years ago will go under a Northampton auctioneer's hammer this spring.

Auctioneer George Bean, a justice of peace and court probator officer, listed the pieces, now in storage today. No date has been set for the sale, but it is expected it will be completed before Mrs. Grace Goodhue Coolidge, the president's widow returns from a trip to England.

Coolidge, who rose from mayor of this city to become the 30th president of the United States, left his imprint even in the auction list. The articles for sale include two small zinc-lined chests in which cigars were shipped here from Washington and which the late president carefully saved with his customary frugality.

## Governor Horner Has Completed His State Slate

Urbana, Will Run For State Auditor

By Curtis R. Hay,  
Associated Press Staff Writer  
Springfield, Ill., Feb. 22.—(P)—With only one day left for primary candidates to file their petitions, Governor Horner today completed his selection of running mates to pit against the Kelly-Nash regular Democratic organization ticket.

The third and final member picked by Mr. Horner for his partial slate is a 28-year-old "dark horse," Homer Mat Adams, Jr., of Urbana, whose petitions for the auditor's race were placed in circulation.

Among other political developments was announcement that the Kelly-Nash candidates, headed by Dr. Herman N. Bunderen, of Chicago for governor, would start their downstate stump tour March 2.

Charles S. Deneen of Chicago, former Republican governor and senator, announced that he would not be a candidate for the senate again.

William E. Hull of Peoria, former congressman who is one of the senatorial candidates, announced that he has resigned as vice-president of a Peoria distillery.

Meanwhile the secretary of state's office took advantage of the Washington birthday holiday to rest up for the rush of last minute filings on Monday for the April 14 primary. It was reiterated that the office would close Monday at the regular hour of 5 p. m. instead of staying open until midnight.

Candidates who file then will have until next Saturday night to withdraw from the fields, which are crowded on the Republican side.

James H. (High Heels) Kirby of Petersburg, a frequent entry in Democratic primaries, said he would not file for governor since Mr. Horner is opposed by Dr. Bunderen.

**CHILDREN RULE CITY**  
New Orleans, Feb. 22.—(P)—Madri Gras Mad New Orleans was ruled today by an 11-year old King and his 10-year-old Queen.

The sovereigns were Nicholas Werther, Jr., and Rosemary Dittman, monarchs of the annual School Children's Carnival, one of the highlights of the season which will be climaxed with Mardi Gras next Tuesday.

New York, Feb. 22.—(P)—John W. Wilds, 48, secretary to President F. E. Williamson of the New York Central railroad, died here last night. He was a native of Galesburg, Ill., where he will be buried.

## H. L. ROOSEVELT COUSIN OF FDR DIES SUDDENLY

Was Acting Secretary Of The Navy During Swanson Illness

Washington, Feb. 22.—(P)—Colonel Henry Latrobe Roosevelt, assistant secretary of the navy and a distant cousin of President Roosevelt, died suddenly today at the naval hospital here. He was 57 years old.

## Good Season Ahead

Those who have grumbled at the severity—and who have not—will be glad to learn that their discomfort is to be compensated somewhat by prospects for a good farming season. The ground has been frozen deep enough so that it will plow good. The snow which has lain over the fields for weeks has provided a considerable moisture content for the soil.

Furthermore the severe cold has killed off large numbers of insect pests, so that crops will have a better chance to mature. Given an early spring, the right amount of rain, and sufficient dry days to permit crops to be planted and cultivated, and there should be a good year for the farmers in this section.

The prosperity of Morgan county depends largely on the good crops harvested by its farmers and the good prices they receive for them. If abundant crops can be grown and harvested in 1936, there will be more cash to be spent in the county than there has been for sometime. That will make business for everybody.

## San Quentin's Powder Keg

The resignation of Warden James B. Holohan as head of the big San Quentin prison in California may be regarded as a loss to that state, but it probably saved the warden some future embarrassing moments. The uncovering of a counterfeiting ring within the walls of the crowded prison has started a scandal which may have many repercussions.

It is alleged that the convicts used the prison engraving plant to print bogus money. Somebody slipped a cog in allowing such misuse of prison equipment, and if the warden did not know of it, minor officials must have been hoodwinking him. As head of the prison he would of course be held responsible for whatever went on within the walls.

The difficulty at San Quentin would seem to be due to crowded conditions. The prison has 6,000 inmates, but it was built to accommodate only 2,500. California should have another prison or start an extensive enlargement program. Warden Holohan claims he has been sitting on a powder keg for the past eight years, and no wonder. With so many desperate men living under such conditions, it is remarkable there has not been more serious trouble ere this.

## A Real Champion

Cornelia Linhardt, of Lohman, Mo., high school girl, is the champion cherry pie baker of the country, and next week she will visit Washington and get a trophy from Mrs. Roosevelt. She baked the champion pie 42 stories above Chicago's loop, in competition with champions from nine other states. This is national cherry week, and the contest was sponsored by promoters of the event.

When young George Washington hacked down the cherry tree, he added fame to a fruit already noted for its delicious qualities. The cherry is a principal American fruit and is eaten in large quantities by people everywhere in the country. If all the cherry pies produced in a year and consumed by the American people were laid end to end, they wouldn't last long, for cherry pie is a favorite delicacy with millions.

It is entirely fitting that the young lady who bakes the best cherry pie should get a trip to Washington. Baking a cherry pie is a fine art, and eating a really good one is a great pleasure. Judging a national contest of this sort must be a delightful experience. That would be one time when more than one piece of pie would be in order, and no questions asked.

## It Can Happen Here

Sinclair Lewis is having trouble along America's Main Street. He believes he has uncovered a plot to another freedom of expression—specifically to throttle the warning against fascism he utters in his latest book, "It Can Happen Here."

A Hollywood producer bought the film rights to the book and now has decided to abandon filming it. The theory seems to be that such a pic-

ture might offend Mussolini and Hitler.

So Mr. Lewis now alleges that "it can happen here." And it will help if he turns on the spotlight of inquisition with full force. Of what importance is it to the American public what Hitler or Mussolini may think? The point is, if Mr. Lewis has achieved a timely warning in his novel, it should, without interference, be sounded far and loud.

**Editor People's Forum:**  
Your editorial captioned "The Unfinished Pyramid," appearing in the Feb. 18 issue, brings attention to the death of a great man—an eccentric if you please.

William H. "Coin" Harvey was more; he was intelligent, honest, and courageous; he was economist, philosopher, and prophet combined. He was an historian of no mean worth, and his flesh was not immortal nor would he have had it so; but his spirit will abide with Lincoln, Jackson and all who have given their talents and their life in a worthy cause.

In tribute to memory of him, I wish here to publicly credit Mr. Harvey, the author and publisher he was, with having caused me fourteen years ago to turn my back on the Democratic party as unworthy of my support and the name of its founders. This came from my reading what I term his masterpiece entitled "Common Sense" or "The Clot on the Brain of the Body-Politic," which went to press sixteen years ago today. It need not be said to the discredit of him that he championed bi-metalism. Being broad-minded, he would rightfully urge construction of a monetary system on the broadest possible base, going beyond the narrow confines of a gold standard. Could he have had his way in the matter of currency legislation he would have left the Bryan platform to the rest and made all the taxable wealth of the nation become the basis for issuance of currency as evidenced in his later works. But the true value of his economic views proved their worth when he coupled the currency problem with our banking and credit system which received no editorial mention. There is plausibility and ample historic support for his claim that unjustifiable expansion of bank credits made possible under the system is always followed by sudden and arbitrary contraction of credits precipitating panics to be followed by depressions.

It was with the facts in mind back in 1922—two years after my first acquaintance with Mr. Harvey—that I caused to be published in the Jacksonville Courier a lengthy warning against congressional adoption of the then proposed federal restriction of credits, endorsed by the U. S. Chamber of Commerce, and offered in Resolution No. 133, that was signed by the late Senator McCormick. Had that warning been heard and heeded, and the saner corrective applied in time as outlined by Harvey, Freeman O. Willy, and others of the same school, the 1929 stock market crash need not have occurred and this depression be here with us now to plague us. "Coin" Harvey's ounce of prevention augurs greater efficacy than all F.D.R.'s billions of attempted cure. But the two major parties to this day dare not face the issue squarely.

The unfinished Arkansas pyramid with its wealth of historical data for storing them may never be projected into coming centuries as designed, but

## Behind The Scenes In Washington

**Representative Marcantonio's Labor Activities Tie Up With 1940 Third Party Moves . . . It's 'Objection Withdrawn,' in Hughes 'Disturbance of Peace' Incident . . . Hoover Is Practicing Own Preaching.**

By RODNEY DUTCHER  
(Journal-Courier Washington Correspondent)

Washington—Whether or not it was so intended, Congressman Vito Marcantonio's arrest in New York for trying to lead a parade of relief workers may be considered as something of a curtain-raiser on the New York mayoralty campaign of 1937, with implications as to the presidential campaign of 1940.

There are plans for a labor or farmer-labor party ticket in the municipal campaign. Certain radical elements are grooming Marcantonio as the candidate for mayor, and Marcantonio is establishing himself as a leader of militant labor and unemployed groups.

These facts have national significance because they must be linked with a general movement among radicals of varying degree toward a permanent third party which would present a presidential ticket in 1940 and lay foundations in the meantime.

**Objection Withdrawn**  
Stately Mrs. Howell Moorhead, a director and leading spirit of the Foreign Policy Association, returned home from a meeting one recent evening and found herself locked out of her house.

She rang the bell and banged on the door in an effort to arouse her maid. No response came and eventually she was forced to make quite a racket.

Suddenly a voice boomed from a second-floor window of the house across the street.  
"What do you mean, disturbing the peace of the neighborhood at this time of night?"  
Mrs. Moorhead turned and there, from the window, protruded the famous whiskers of her neighbor, Chief Justice Charles Evans Hughes.

She explained, politely enough, what had happened. The whiskers withdrew from the window without comment. Eventually she got in.

There is as yet no general cohesion in the movement and there may never be, but the essential nucleus for such party is the American labor movement and it is believed that if Lewis obtains control of the A. F. of L., a labor party will be here to stay. Probably there is more labor sen-

timent for such party now than ever before, although most exponents of third party thought favor re-election of Roosevelt this year to avoid what they term a "restoration of reactionary Republicanism."

The idea of running Marcantonio or another radical for mayor of New York next year isn't accompanied by any hope of victory. But it's ambitious enough. Those who harbor it—and it may or may not come off—feel that if a labor candidate could pull say, 350,000 votes, the psychological effect over the country would be sufficient to stimulate organization for 1938 elections.

The New York situation is cloudy, however (Marcantonio and LaGuardia, for instance, are at sword's points, and no one knows how far the former can get), so it's silly to prophesy.

Most third party plans may be considered in the bundle, or hot air, stage, but it is quite likely that there will be labor party or similar tickets for state offices this year in states besides Wisconsin and Minnesota, where control already has been won by the Progressive and Farmer-Labor parties, respectively.

There is a possibility that Heywood Brown will run for governor of New York as a labor party candidate, with the aim of polling the 50,000 votes needed to put the party's ticket on the ballot in the 1938 elections.

Herbert Hoover's recent recommendation that because of the dangers of monetary inflation institutions hedge their holdings in securities payable in dollars by purchasing common stocks, real estate, and other non-money values, was not made for political effect. It came from the heart.

## Local Churches to Join in World Day Of Prayer Friday

All Day Services Will Be Held at Westminster for the Public

With the general theme, "On Earth Peace, Good Will Toward Men" emphasized throughout the service, the World Day of Prayer will be observed Friday, February 23, by all Protestant churches of the community and throughout the world.

Westminster Presbyterian church will be opened from 10 a. m. until 5 p. m. to all men, women and children of the city and vicinity, for prayer and meditation. Each person may come and stay as long as he wishes. The organizers of the various churches will play at this period of prayer.

Beginning at 2:30 p. m., a program will be presented, which is being used throughout the world. The day begins in New Zealand and the Fiji Islands, and as the day progresses, new groups in city, town, countryside and hamlet join in praise and prayer until in the course of the day, or some forty hours the service ends in Hawaii with an evening service for young people.

Visualize the candles of peace, which are lighted in New Zealand and the Fiji Islands, and see them as they spread westward through Australia and the Philippine Islands, Japan, China, Manchuria, Tibet, India, Persia, Arabia, Liberia, South Africa, Congo, Cameroon, Turkey, Bulgaria, Serbia, Germany, Italy, France, Norway, Sweden, Denmark and other countries to the Hawaiian Islands.

The people of Jacksonville are asked to take part in the continuous chain of prayer for peace which will begin at the rising of the sun. Numerous churches are sharing in this service.

The following program will be given:

- 9-10—Miss Lillian Braden, Grace church organist.
- 10-11—Miss Myrtle Larimer, Centenary church organist.
- 11-12—Miss Augusta Warsaw, Episcopal church organist.
- 12-12-30—Mrs. George C. Ferreira, Northminster church organist.
- 12-30-1—Miss Leanna Clemmons, Baptist church organist.
- 1-00-2—Mrs. Ralph Hutchinson, Christian Science church organist.
- 2-00—Philip Resd, Westminster church organist.

At 2:30 o'clock a program with the theme "On Earth Peace, Good Will Toward Men" will be presented. The significance of the World Day of Prayer will be given by Dean Clara B. Williams of Illinois College. There will be a group of readings by Miss Kay Spelleich of MacMurray College. The prayers and responsive readings will be led by members of the various churches, and Miss Fern Tilman, a former missionary to China, will present the International Causes for which the day's offerings are given.

Miss Jean Stephens will sing "The Prayer Perfect." The hymns will be led by a combined choir from various churches.

## Mrs. Alice Savage Of Virginia Dies Saturday Morning

Was Mother of Mrs. Leach; Funeral Will Be Held Monday Morning

Mrs. Alice Heaton Savage of Virginia, mother of Mrs. Charles F. Leach of this city, passed away at 7:50 o'clock Saturday morning at Maplecrest, where she had been under treatment for eight days. Mrs. Savage had been in declining health for several years.

She was born near Virginia May 4, 1859, a daughter of John and Mary Jane Fullerton Heaton. Her entire life was spent in Cass county where she was highly respected. Her hus-

band, Edward Savage, preceded her in death.

Mrs. Savage leaves two sons and two daughters, Henry H. Savage, St. Louis; Walter W. Savage, Ashland; Mrs. Charles F. Leach, Jacksonville; and Miss Louise Savage, Baltimore, Md. One daughter, Bessie, preceded her mother in death. Other survivors are a brother and sister, James Heaton, National City, Calif., and Mrs. R. Lancaster of Virginia.

The deceased was a member of the Virginia Christian church.

The remains were prepared for burial at the Gilham Funeral Home, and Saturday evening will be taken to the residence of Mr. and Mrs. Charles F. Leach on Mound avenue. Funeral services will be held at the Leach residence Monday morning at eleven o'clock, Dr. M. L. Pontius officiating. Interment will be made in Walnut Ridge cemetery at Virginia.

## Good Season Ahead

Those who have grumbled at the severity—and who have not—will be glad to learn that their discomfort is to be compensated somewhat by prospects for a good farming season. The ground has been frozen deep enough so that it will plow good. The snow which has lain over the fields for weeks has provided a considerable moisture content for the soil.

Furthermore the severe cold has killed off large numbers of insect pests, so that crops will have a better chance to mature. Given an early spring, the right amount of rain, and sufficient dry days to permit crops to be planted and cultivated, and there should be a good year for the farmers in this section.

The prosperity of Morgan county depends largely on the good crops harvested by its farmers and the good prices they receive for them. If abundant crops can be grown and harvested in 1936, there will be more cash to be spent in the county than there has been for some time. That will make business for everybody.

## San Quentin's Powder Keg

The resignation of Warden James B. Holahan as head of the big San Quentin prison in California may be regarded as a loss to that state, but it probably saved the warden some future embarrassing moments. The uncovering of a counterfeiting ring within the walls of the crowded prison has started a scandal which may have many repercussions.

It is alleged that the convicts used the prison engraving plant to print bogus money. Somebody slipped a cog in allowing such misuse of prison equipment, and if the warden did not know of it, minor officials must have been hoodwinking him. As head of the prison he would of course be held responsible for whatever went on within the walls.

The difficulty at San Quentin would seem to be due to crowded conditions. The prison has 6,000 inmates, but it was built to accommodate only 2,500. California should have another prison or start an extensive enlargement program. Warden Holahan claims he has been sitting on a powder keg for the past eight years, and no wonder. With so many desperate men living under such conditions, it is remarkable there has not been more serious trouble ere this.

## A Real Champion

Cornelia Linhardt, of Lohman, Mo., high school girl, is the champion cherry pie baker of the country, and next week she will visit Washington and get a trophy from Mrs. Roosevelt. She baked the champion pie 42 stories above Chicago's loop, in competition with champions from nine other states. This is national cherry week, and the contest was sponsored by promoters of the event.

When young George Washington hacked down the cherry tree, he added fame to a fruit already noted for its delicious qualities. The cherry is a principal American fruit and is eaten in large quantities by people everywhere in the country. If all the cherry pies produced in a year and consumed by the American people were laid end to end, they wouldn't last long for cherry pie is a favorite delicacy with millions.

It is entirely fitting that the young lady who bakes the best cherry pie should get a trip to Washington. Baking a cherry pie is a fine art, and eating a really good one is a great pleasure. Judging a national contest of this sort must be a delightful experience. That would be one time when more than one piece of pie would be in order, and no questions asked.

## It Can Happen Here

Sinclair Lewis is having trouble along America's Main Street. He believes he has uncovered a plot to smother freedom of expression—specifically, to throttle the warning against fascism he utters in his latest book, "It Can't Happen Here."

A Hollywood producer bought the film rights to the book and now has decided to abandon filming it. The theory seems to be that such a pic-

ture might offend Mussolini and Hitler.

So Mr. Lewis now alleges that "it can happen here." And it will help if he turns on the spotlight of inquisition with full force. Of what importance is it to the American public what Hitler or Mussolini may think? The point is, if Mr. Lewis has achieved a timely warning in his novel, it should, without interference, be sounded far and loud.

Editor People's Forum:

Your editorial captioned "The Unfinished Pyramid," appearing in the Feb. 16 issue, brings attention to the death of a great man—an eccentric if you please.

William H. "Coin" Harvey was more; he was intelligent, honest, and courageous; he was economist, philosopher, and prophet combined. He was an historian of no mean worth, and his flesh was not immortal nor would he have had it so; but his spirit will abide with Lincoln, Jackson and all who have given their talents and their life in a worthy cause.

In tribute to memory of him, I wish here to publicly credit Mr. Harvey, the author and publisher he was, with having caused me fourteen years ago to turn my back on the Democratic party as unworthy of my support and the name of its founders. This came from my reading what I term his masterpiece entitled "Common Sense" or "The Clot on the Brain of the Body Politic," which went to press sixteen years ago today. It need not be said to the discredit of him that he championed bi-metalism. Being broadminded, he would rightfully urge construction of a monetary system on the broadest possible base, going beyond the narrow confines of a gold standard. Could he have had his way in the matter of currency legislation, he would even have left the Bryan platform to the rear and made all the taxable wealth of the nation become the basis for issuance of currency as evidenced in his later works. But the true value of his economic views proved their worth when he coupled the currency problem with our banking and credit system which received no editorial mention. There is plausibility and ample historic support for his claim that unjustifiable expansion of bank credits made possible under the system is always followed by sudden and arbitrary contraction of credits precipitating panics to be followed by depressions.

It was with the facts in mind back in 1922—two years after my first acquaintance with Mr. Harvey—that I caused to be published in the Jacksonville Courier a lengthy warning against congressional adoption of the then proposed federal restriction of credits, endorsed by the U. S. Chamber of Commerce, and offered in Resolution No. 133, that session, by the late Senator McCormick. Had that warning been heard and heeded, and the saner corrective applied in time as outlined by Harvey, Freeman O. Willy, and others of the same school, the 1929 stock market crash need not have occurred and this depression be here with us now to plague us. "Coin" Harvey's ounce of prevention augurs greater efficacy than all F.D.R.'s billions of attempted cure. But the two major parties to this day dare not face the issue squarely.

The unfinished Arkansas pyramid with its wealth of historical data for storing there may never be projected into coming centuries as designed, but workers, Vice President Frank Gorman of the textile workers, and many other leaders in politics and labor, including Socialists and Communists, are thinking in those terms.

There is as yet no general cohesion in the movement and there may never be, but the essential nucleus for such party is the American labor movement and it is believed that if Lewis obtains control of the A. F. of L., a labor party will be here to stay.

Carrollton—Charles H. Dickinson, aged 44, died at 4:45 o'clock Friday afternoon at his home in the south part of this city. He was born in Carrollton, a son of Mr. and Mrs. John Dickinson. His mother has been long deceased, but his father passed away only two weeks ago.

He is survived by his wife, Dollie Crawford Dickinson, and seven children: Dorothy, Helen, Madeline, Hazel, Delores and Walter, all at home, and Robert, who is in a CCC camp in Oregon.

He leaves also three brothers, Elton, Howard and John Dickinson, all of Carrollton, and the following sisters: Mrs. Sadie Wentler of Jacksonville; Mrs. Florence Kiser of Leam; Mrs. Carol Mudd of Springfield; Mrs. Lucy Carter of Vandalia; Mrs. Mamie Colvin of Fort Gage, and Mrs. Nannie White of Jerseyville.

Funeral arrangements are incomplete and will be announced later.

**MacMahon**

Word has been received in Carrollton of the death of Clement MacMahon, which occurred last Tuesday afternoon at his home in West Virginia. The remains will arrive here Monday and burial will take place Tuesday afternoon in St. John's cemetery.

Decedent was born in Carrollton 52 years ago, a son of M. E. and Nellie MacMahon. He is survived by his wife, Dora; his father, who resides in Los Angeles, and the following brothers and sisters: Raymond, Leo, Robert and Blanche MacMahon, all of California.

### PARENTS OF SON

## NEW BOOK EXPLAINS ALL ABOUT PILES

A new illustrated book has just been published by the Thornton & Minor Clinic—the world's oldest institution specializing in the treatment of piles and other rectal afflictions. This book explains why rectal disorders cause such common ailments as headaches, nervousness, stomach and liver troubles, and loss of vigor. It points out the extreme danger of neglecting even a minor case of piles. It shows how cancer and other incurable conditions frequently result. The mild Thornton & Minor treatment, by which more than 46,000 men and women have been restored to health during the past 37 years, and which requires no hospitalization or the use of dangerous anaesthetics, is fully explained. If you are afflicted, send for a copy of this frank and informative book which will be sent you in plain wrapper absolutely free. Address: Thornton & Minor Clinic, Suite 1027, 926 McGee St., Kansas City, Missouri (Adv.)

## Major Bowes' Amateurs Who Will Appear at Fox-Illinois Thursday

Part of Major Bowes' colossal amateur family—he has no real one of his own, large or small—will be in Jacksonville Thursday on the stage of the Fox-Illinois theatre. For some time the genial gentleman of the New York Capitol theatre and "banded suits" fame has "encouraged hidden talent" to reveal their personalities on his weekly Sunday night amateur hour.

So great has become the fame of these amateurs that people all over the country have desired to see them on the stage. Thursday, Jacksonville may hear and see, in person, the Connecticut Four, Jean O'Neil, Michael O'Byrne, Clarence Hedding, Gloria Berger and Yvonne Plummer.

Many local people have recalled the first radio performances of some of these "amateurs" as they appeared first for the Major with the threat of the "gone" spurring them on to applause and fame.

Since the Bowes' hour, the amateur program has swept the radio and stage, even invading the movies to give John Q. Public an idea of how little Miss Middlewest could sing in New York and get a prize for it.

The amateur stars visiting Jacksonville Thursday will make three stage appearances, including afternoon and evening performances. Jean Berger, dancer, who won the "Kiddies Amateur Contest" at the Fox-Illinois Saturday night, will appear with the Bowes' amateurs Thursday night.

Irma Wendling of Perry, Ill., was a business visitor in the city yesterday.

## Mushroom Timbales Marvelous For That Late Winter Party

HOSTESS NEED NOT STRIVE FOR  
TOO-ELABORATE MENU

BY MARY E. DAGUE  
NEA Service Staff Writer

Colorful holidays in late winter give us all kinds of gay ideas for party food—do they not?

First of all is an every-day thought for the study-club hostess who wants to serve something good but not elaborate. How about finger tarts with whipped cream and coffee? One part of whipping cream makes just enough for twenty-four.

A luxurious Sunday-to-meeting dish for the bridge luncheon is mushroom timbales with Bechamel sauce.

Mushroom Timbales  
One and one-half cups chopped

mushrooms, 2-tablespoons butter, 1-2 cup stale bread crumbs, 1 cup milk, 1-2 teaspoon salt, 2 eggs.  
Melt butter and add mushrooms. Cook five minutes. Add milk and bread crumbs and cook five minutes longer. Season with salt and pepper and add yolks of eggs well beaten. Remove from fire and fold in whites of eggs beaten until stiff. Fill buttered molds two-thirds full and place in a pan of hot water. Cover with buttered paper and bake twenty-five minutes in a moderately hot oven (375 degrees F.). Unmold on a hot serving dish and serve with

Bechamel Sauce  
One cup chicken stock, 1 slice onion

2 slices carrot, bay leaf, 1 sprig parsley, 8 peppercorns, 4 tablespoons butter, 3-tablespoons flour, 1-2 teaspoon salt, 1-2 cup cream, 1-8 teaspoon white pepper, yolks 2 eggs.  
If chicken stock is not at hand, dissolve 2 bouillon cubes in 1 cup boiling water. Add onion, carrot, bay leaf, parsley and peppercorns. Cover and simmer twenty minutes. Strain and cool. Melt butter and add flour and stir until bubbling. Add stock slowly, stirring to avoid lumping. Cook until thick and smooth. Add cream and egg yolks beaten together and keep hot over hot water. Season with salt and pepper before serving.

Canned peas in mint jelly for salad look and taste grand and can be put together the day before and stored in the refrigerator.

### Daily Menu

**BREAKFAST:** Stewed prunes, cereal, cream, crisp broiled bacon, over toast, milk, coffee.  
**LUNCHEON:** Potato and salt herring pie, whole wheat bread and butter sandwiches, graham cracker pudding, milk, tea.  
**DINNER:** Casserole of veal, corn croquettes, salad of canned pears in lime jelly, Washington cream pie, milk, coffee.

Date pudding can be baked early in the morning and put aside until ready to serve.

**Date Pudding**  
One cup chopped dates, 2 table-  
spoons flour, 1 teaspoon baking pow-  
der.

der, 1 cup nut meats (English walnut, pecan, or hickory nuts are best), 1 cup powdered sugar, 2 eggs, 1-4 teaspoon salt.  
Mix and sift flour, salt and baking powder and add dates. Beat whites of eggs until stiff. Beat in sugar and add yolks of eggs which have been beaten until thick and lemon colored. Add nuts and flour dates. Mix lightly and turn into an oiled and floured shallow pan. Bake thirty minutes in a slow oven (325 degrees F.). Cut in squares when cold and serve with whipped cream sweetened and flavored with vanilla.

Graham cracker pudding is another dessert that is easy to handle because it, too, must be made at least twelve hours before wanted for serving.

**Graham Cracker Pudding**  
One pound graham crackers, 1 pound dates, 1-2 cup marshmallows, 1 cup nut meats, 1-2 cup candied cherries, cream.

Wash and stone dates. Any kind of nuts except peanuts can be used. Put crackers, nuts, dates, cherries, and marshmallows through food chopper alternating ingredients to prevent chopper from becoming clogged. Turn into a large mixing bowl and work with a wooden spoon, adding cream to make mixture moist enough to hold together. Shape into a roll about 2-1/2 inches in diameter, wrap in waxed paper and store in refrigerator to chill and become firm. Cut in slices and serve with a garnish of whipped cream.

Final plans were made for the meeting to be held Monday, February 24, at Jones Memorial Chapel of Illinois College.

## Speech Department Holds Contest at MacMurray College

Kaye Spelletich is Awarded  
First Prize in Wesley-  
Mathers Contest

The fulfillment of interpretation as an art was evidenced in a varied program presented by a group of fourteen interpreters in the Wesley-Mathers contest held at MacMurray College Friday evening. The group was composed of freshmen and one sophomore private speech students.

In previous years the students have given prose selections by different authors. This year a new arrangement was followed with each individual interpreting a selection from the famous Civil War epic poem "John Brown's Body" by Stephen Vincent Benet.

Mrs. Marian C. Schaeffer gave a brief introduction explaining the story and the purpose of the program. She stated that the participants were presenting the scenes and characters from the poem, not for the object of excelling another student and her interpretation, but in excelling their own previous work. The judges, the upper class speech majors, announced in their decision that this object had been accomplished.

The Wesley-Mathers foundation is the donor of two money prizes in this annual contest, and the first prize of seventeen dollars was awarded to Kaye Spelletich, freshman speech major of Davenport, Iowa, and the second prize of eight dollars to Myrle Andrews, sophomore speech major of Christopher, Illinois.

The place of honorable mention was awarded to the other twelve contestants, whose work was exceptionally outstanding in the individuality, sincerity, and artistry of each reader. These contestants were: Elizabeth Ubben, Jean Whiting, Joan Steffen, Dorothy Denell, Rose Marie Mohrdeck, Marjorie M. Bobbett, Grace Marquardt, Bertha Boeman, Louise Lambert, Sara Grimpas, Mary Sue Wooton, Betty Lee Dunaven.

## Mushroom Timbales Marvelous For That Late Winter Party

HOSTESS NEED NOT STRIVE FOR  
TOO-ELABORATE MENU

BY MARY E. DAGUE  
NEA Service Staff Writer

Colorful holidays in late winter give  
me all kinds of gay ideas for party  
food—do they not?

First of all is an every-day thought  
for the study-club hostess who wants  
to serve something good but not elab-  
orate. How about ginger bread with  
whipped cream and coffee? One part  
of whipping cream makes just enough  
whipped cream for the gingerbread  
for twenty-four.

A luxurious Sunday-go-to-meeting  
dish for the bridge luncheon is mush-  
room timbales with Bechamel sauce.

Mushroom Timbales  
One and one-half cups chopped

mushrooms, 2-tablespoons butter, 1-2  
cup stale bread crumbs, 1 cup milk,  
1-2 teaspoon salt, 2 eggs.  
Melt butter and add mushrooms.  
Cook five minutes. Add milk and  
bread crumbs and cook five minutes  
longer. Season with salt and pepper  
and add yolks of eggs well beaten.  
Remove from fire and fold in whites  
of eggs beaten until stiff. Fill buttered  
molds two-thirds full and place in a  
pan of hot water. Cover with buttered  
paper and bake twenty-five minutes  
in a moderately hot oven (375 degrees  
F.). Unmold on a hot serving dish and  
serve with.

Bechamel Sauce  
One cup chicken stock, 1 slice onion,

2 slices carrot, bay leaf, 1 sprig pars-  
ley, 6 peppercorns, 4 tablespoons but-  
ter, 3 tablespoons flour, 1-2 teaspoon  
salt, 1-2 cup cream, 1-8 teaspoon white  
pepper, yolks 2 eggs.

If chicken stock is not at hand, dis-  
solve 2 bouillon cubes in 1 cup boiling  
water. Add onion, carrot, bay leaf,  
parsley and peppercorns. Cover and  
simmer twenty minutes. Strain and  
cool. Melt butter, add flour and cook  
and stir until bubbling. Add stock  
slowly, stirring to avoid lumping. Cook  
until thick and smooth. Add cream  
and egg yolks beaten together and  
keep hot over hot water. Season with  
salt and pepper before serving.

Canned pears in mint jelly for salad  
look and taste grand and can be put  
together the day before and stored in  
the refrigerator.

speaker at the meeting of the Senior

der, 1 cup nut meats (English walnut,  
pecan, or hickory nuts are best), 1 cup  
powdered sugar, 2 eggs, 1-4 teaspoon  
salt.

Mix and sift flour, salt and baking  
powder and add dates. Beat whites of  
egg until stiff. Beat in sugar and add  
yolks of eggs which have been beaten  
until thick and lemon colored. Add  
nuts and floured dates. Mix lightly  
and turn into an oiled and floured  
shallow pan. Bake thirty minutes in a  
slow oven (325 degrees F.). Cut in  
squares when cold and serve with  
whipped cream sweetened and flavored  
with vanilla.

Graham cracker pudding is another  
dessert that is easy to handle because  
it, too, must be made at least twelve  
hours before wanted for serving.

Graham Cracker Pudding  
One pound graham crackers, 1 pound  
dates, 1-2 pound marshmallows, 1 cup  
nut meats, 1-2 cup candied cherries  
cream.

Wash and stone dates. Any kind of  
nuts except peanuts can be used. Put  
crackers, nuts, dates, cherries, and  
marshmallows through food chopper  
alternating ingredients to prevent  
chopper from becoming clogged. Turn  
into a large mixing bowl and work  
with a wooden spoon, adding cream to  
make mixture moist enough to hold  
together. Shape into a roll about 2 1-2  
inches in diameter, wrap in waxed  
paper and store in refrigerator to chill  
and become firm. Cut in slices and  
serve with a garnish of whipped cream.

### LENTEN SPECIAL WEDNESDAYS — FRIDAYS HOT CROSBUNS

entertained the members of the Fri-  
day Chatter club. The business meet-  
ing was followed by a shower for the  
hostess, who received several useful  
gifts. A social hour was enjoyed,  
prizes being won by Mrs. Lennie  
Goacher and Mrs. Charles Riggs.

There were three guests present:  
Mrs. Carl Hembrough, Mrs. John Wil-  
son and Mrs. Ellis Braner.

Ever Ready Class Honors  
Mr. and Mrs. Shumaker

The Ever Ready Sunday School  
class of Point church held a grocery  
shower at the home of Mrs. Anna  
Carter, 279 Sandusky street, Thurs-  
day evening. The hostesses were:  
Mrs. Allan Fairfield, Mrs. Durrell  
Bridgman and Miss Elvina Richard-  
son.

The shower was in honor of Mr.  
and Mrs. John Shumaker, who were  
married recently. Mrs. Shumaker was  
formerly Miss Ava Swaby. Progress-  
ive Rook furnished the entertain-  
ment for the evening. Miss Virginia  
Vasey received first prize for ladies,  
Roscoe Mauson high prize for gen-  
tlemen.

After delicious refreshments were  
served, Mr. and Mrs. Shumaker open-  
ed the numerous gifts which will help  
to fill the pantry in their new home.

Gamma Chapter Appoints  
Nominating Committee

A special meeting of Gamma  
Chapter of Beta Sigma Phi was held  
Friday evening at the home of the  
president, Hannah Darush, 720 North  
Diamond street.

A nominating committee was elect-  
ed and is to make a report at the first  
regular meeting in March. Those  
elected were the president, Hannah  
Darush; the past president, Edith  
Ruyle; Verna Butcher and Nadine  
Pate.

The board of all officers appointed  
a social committee consisting of  
Naomi Woods, chairman; Ruth  
Sleight and Nadine Pate, to act for  
the months of March and April.

Final plans were made for the  
meeting to be held Monday, February  
24, at Jones Memorial Chapel of Illi-  
nois College.

Speech Department  
Holds Contest at  
MacMurray College

The fulfillment of interpretation as  
an art was evidenced in a varied pro-  
gram presented by a group of fourteen  
interpreters in the Wesley-Mathers  
contest held at MacMurray College  
Friday evening. The group was com-  
posed of freshmen and one sophomore  
private speech students.

In previous years the students have  
given prose selections by different  
authors. This year a new arrange-  
ment was followed with each individual  
interpreting a selection from the famous  
Civil War epic poem "John Brown's  
Body," by Stephen Vincent Benet.

Mrs. Marian C. Schaeffer gave a  
brief introduction explaining the story  
and the purpose of the program. She  
stated that the participants were pre-  
sented the scenes and characters  
from the poem, not for the object of  
excelling another student and her in-  
terpretation, but in excelling her own  
previous work. The judges, the upper  
class speech majors, announced in  
their decision that this object had  
been accomplished.

The Wesley-Mathers foundation is  
the donor of two money prizes in this  
annual contest, and the first prize of  
seventeen dollars was awarded to  
Kaye Spelletich, freshman speech ma-  
jor, of Davenport, Iowa, and the sec-  
ond prize of eight dollars to Moyne  
Andrews, sophomore speech major, of  
Christopher, Illinois.

The place of honorable mention was  
awarded to the other twelve contest-  
ants, whose work was exceptionally  
outstanding in the individuality, sin-  
cerity, and artistry of each reader.  
These contestants were: Elizabeth Ub-  
ben, Jean Whiting, Joan Steffen, Dor-  
othy Deuell, Rose Marie Mohrdeck,  
Marjorie M. Bobbett, Grace Mar-  
quardt, Bertha Boeman, Louise Lam-

### Singers from Russia Will Give Concert Here Feb. 26

The Russian Imperial Singers will be presented in Jacksonville Wednesday evening, February 26, by the Community Concert Association of Jacksonville, at the High school auditorium at 8:15 o'clock.

This ensemble possesses five astounding voices—a first tenor, a second tenor, a baritone and a soprano—plus a musical demonstration of the principle of enunciation by Taine—that art is the expression of race and the time spirit. Each of the five members of the ensemble is equipped by virtue of background, training, voice and experience to form an indispensable part of this unique and exciting program.

The Jacksonville people and those of the vicinity will hear the "Heart of Songs" of the native country of the "crazy" song from the haunting melodies of the Russian Imperial Singers.

Dr. and Mrs. A. B. Applebee arrived home last evening from Chicago, where they have spent the greater part of the week attending the fourth annual conference of the North Central Bulling and Loan League, which was held at the Palmer House. The meeting was largely attended.

While in Chicago Dr. Applebee also attended a banquet of alumni of the Northwestern University Dental School, and a dental convention which has been in progress during the week.

## Singers from Russia Will Give Concert Here Feb. 26

The Russian Imperial Singers will be presented in Jacksonville Wednesday evening, February 26, by the Community Concert Association of Jacksonville, at the High School auditorium at 8:15 o'clock.

This ensemble possesses five astounding voices—a first tenor, a second tenor, a baritone, a basso and a mezzo-soprano. The baritone, Stephen Slepoushkin is the leader of this famous organization.

The group has the stirring quality of rich, deep tone which is the heritage of the Slav alone. It unites exact pitch with incisive and colorful rhythms of Russian music of every type, ranging from the tender nostalgia of Moujik's ballad of the soil to the crisp marching beat of the soldier's song from the haunting

simple melodies of the homeland that the distinguished Russian composers have in many instances made the basis of their great symphonies to the lyric poems of the steppes, the river, the forest—now gay, now sad, now humorous.

The Jacksonville people and those of the vicinity will hear the "Heart-felt Songs" of the native country of the singers given in "Thrilling" music.

## Elbert Christison is Summoned by Death

Former Jacksonville Man Passes Away Three Weeks After Breaking Hip

Elbert Christison, 76 years old a former Jacksonville man, passed away Friday at his home in Boody, Ill., near Decatur. Three weeks ago he fell and fractured one of his hips.

Mr. Christison was a brother of Hardin L. Christison of 324 East Lafayette avenue. While in Jacksonville he was employed as a lineman, moving to Boody about 20 years ago.

Surviving are one son, Ray; two brothers and two sisters, Hardin L. Christison of this city; Robert Christison, Holland, Mich.; Mrs. Jepp Wisdom, Winchester, and Mrs. Laura Mitchell, Holland, Mich.

Funeral services will be held Monday morning at ten o'clock at Boody, after which the remains will be brought to Jacksonville, arriving about one o'clock. There will be a brief service at Jacksonville cemetery.

## Walter Johnson Sails Two Coins Over Rappahannock River at Fredericksburg

By Eddy Gilmore.  
Associated Press Staff Writer.  
Fredericksburg, Va., Feb. 22.—(AP)—Regardless of what George Washington may have done, Walter Johnson converted legend into actuality today and threw a dollar across the Rappahannock.  
With a motion easier than that with which he used to send his old speed ball steam down the groove to batters, the former strikeout champion sailed two coins across the river.  
"Goah," exclaimed Johnson. "I didn't think I'd do it."  
The official toss cleared the ice-chunked river by 30 feet. Chief Judge Dr. H. J. Eckmunde, a Virginia historian, estimated the distance of the throw at 317 feet.  
Although he cleared the Rappahannock, Johnson's pitch was 1,100 feet short of what Representative Bloom of New York said the Washington toss would have been if he ever did it.  
Bloom congratulated Johnson after the throw, however, and invited him to spend the evening in Washington to celebrate the throw.  
The New York representative claimed the river was 1,430 feet wide at Ferry Farm when Washington lived here. City surveyors measured the present stream at 272 feet, and added 45 feet from the exact spot where the coin left Johnson's hand to where it landed.  
Unable to reconcile their calculations, the representative and the Chamber of Commerce called off a bet, by which Bloom would have lost

## Murrayville And Cathedral Carded For Coming Week

**Coach Walker Quarantined For 24 Hours; Moxon Becomes Ill**

Sickness reared its grim head into the J.H.S. basketball camp Saturday when Coach Frank Walker was quarantined to his home for a 24 hour period and George Moxon was sent home after a morning practice suffering from chills. Moxon remained in bed at home all day, and was reported to have a fever last night.  
Murrayville, annually one of the toughest teams Jacksonville high meets, and Cathedral, Springfield city champions, will be the opponents of the Crimsons during the coming week, bringing to a close their 1935-36 season before opening play in the regional basketball tournament opening one week from Wednesday.  
Cathedral was added to the schedule yesterday after Coach Frank Walker had turned down first overtures of a game from the team favored to win the downstate Catholic Decatur tournament. Coach Don Anderson has been trying to come to terms with the Crimsons for the past week.  
Coach Walker was caught in his home when one of his wife's sisters came down with scarlet fever. The coach immediately submitted to a test, the outcome of which will not be known until sometime today, before packing his bags to move out. He said last night that he had had scarlet fever once, and hoped to avoid it now.  
Moxon became ill during a Saturday morning practice session, suffering from chills and stomach disorders. He was taken home and put to bed immediately, and was reported by his mother last night to be sleeping after dozing all day.  
John Bellatti also failed to attend practice Saturday morning because of a cold. He planned to undergo treatment over the week-end and hoped to shake off the illness before Monday night.  
The Murrayville tussle Monday is expected to produce some of the best basketball of the season as the Crimsons match their speed and scoring ability against a team which is considered to be among the best scoring teams of the district. The Shadows, although weakened considerably by the loss of several of their star players from last year's district championship team, have turned up with a capable aggregation again this year.  
Ken Brown, one of the outstanding players of the area around Jacksonville, is the king-pin of the Murrayville team, ably assisted by Baker and Sexton, two lads who can hit the hoop. Keith Brown, Ken's little brother, is a speed king, and the Shadows recently regained the services of their biggest guard, Harney, who has been out of the line-up for six weeks with a broken arm. He played for the first time since his injury was pronounced cured against New Berlin Friday night.  
Cathedral will bring a tall team of boys here for the Wednesday night game, boys who have gone through their schedule without much difficulty. They have registered decisive victories over Rount, and are undefeated in the Catholic school prep league, as well as champions of Springfield. They defeated Springfield and Pittsburg in high school basketball.

Warmer weather, forecast pretty definitely by the weather bureau, is going to be a big help in turning out crowds for the district tournaments opening this week.

Attendance at high school basketball games over the state has been improving of late, but the fans, according to a lot of observers, didn't get their interest aroused until pretty late in the season.

This topsy-turvy season has brought about a lot of good basketball, however, and it wouldn't surprise us much if some of the smaller teams fight their way to a place in the state finals.

For instance, Beardstown, after taking three on the chin from Rushville, finally rose up and smote the Schuyler county lads Friday night. There is a chance that these teams will meet again in the Beardstown regional. The question before the house is whether crafty Bob Wixon, the Rushville coach, was preparing the way for a regional championship.

Ashland is coming right along—and will make things tough in that tournament or we miss our guess. Ashland's season record is outstanding—they have lost seven games by one or two point margins. Old Lady Luck is ready to smile on this year's team.

Coach Pop Mahan, who will bring the Virginia Red-heads into the Jacksonville district this year, has had two out of six teams he coached in Indiana in the state finals there. His road has been anything but smooth at Virginia, where he fell heir to five boys who have played together for four years, and who still want to play the way they did when they were freshmen.

The boys drop back to their freshman style of play more from habit than anything else, but they do it under the stress of the excitement in a basketball game. They should be able to win the Jacksonville district.

## Virginia Looms As District Winner In Tourney This Week

**Hillview In Fine Spot to Cop at Greenfield; Two at Griggsville**

Virginia high's Red-Heads continue to loom as the favorite to win the title in the Jacksonville district tournament which gets underway here this Wednesday night, but three teams out of the eight starters in this tournament, and the two which start the same night at Greenfield and Jerseyville and two teams out of the nine starters at Griggsville, will qualify for the regional tournaments which will follow one week later.

Virginia, with a veteran team of seniors who are playing together for their fourth year, is the favorite to cop the title, but they face plenty of opposition before they reach the finals. The Red-Heads are paired with Woodson in their first game, and Woodson, during the fall season and early winter months was clicking along with a lot of speed. Lack of training facilities and almost unlimited playing space on the Illinois School for the Deaf center, where the tournament is to be held, will work some handicap on the Morgan county lads.

Franklin appears to stand the best chance of turning back the Red-Heads, but the Flashes have been just that all year long. They have leaped to the undreamed of heights of knocking off Watery, won from Ashland early in the season, and have stopped New Berlin. Then they have skidded and dropped a couple games to the Tigers and a couple more to Murrayville, two teams they would like to defeat.

Bluffs, another of the in-and-out teams should be able to cop the third place qualifying position. The Jays hit their high point when they held Griggsville and Pittsburg to close decisions, but have won only six out of 19 games. New Berlin has found in its contact with Morgan county schools decidedly tough traveling, losing to both Murrayville and Franklin, the only two teams they have played from the county this year.

Manager Dan T. Cloud completed the list of officials who will be in charge of the local district tournament Saturday. R. L. McConnell, of Manchester, and O. L. Kinschiff, of Carrollton, will be the major officials and Raymond Nussipet will be the official timer, and Ernest Savage, the official scorer.

The deaf school is extending itself to make the visiting teams welcome, offering free swims to the competing teams after their games, and providing each visiting team with an evening meal. The school is also offering a free lunch to all of their visitors who are gratified.

Roodhouse, Greenfield and Hillview loom as the three teams to watch in the Greenfield regional, with the battle waxing plenty warm before the firing is all over. Roodhouse meets Scottville in the first game, and Greenfield tackles Patterson in the second game of the opening card, and both first mentioned schools are expected to come through bringing about a Roodhouse-Greenfield semifinal. Greenfield recently nosed out Roodhouse by one point in a game at Greenfield.

Hillview is sitting in the best spot of all, and may be able to come through with a championship. Roodhouse has shown its best basketball of the season in the Greene county tournament, in which it defeated Hillview for the title and has earned the moniker of being a tournament team. Hillview, with a tall, careful playing bunch of boys, have Girard, Modesto and Palmyra in their bracket and if they are able to display their usual form, should reach the finals.

Pleasant Hill Coming  
Three games will open the program at Griggsville, where Pleasant Hill appears to have the best chance of coming out with a trophy. Rockport and Rockport Atlas meet in the first game, New Canton and Baylis in the second game, and Pleasant Hill meets Kinderhook in the second tilt. Pleasant Hill's surprising 42-24 victory over Pearl, a team which drew into the regional, stamps them as one of the teams just beginning to find itself and one of the serious threats toward Hull or Pittsburg's domination over the Pittsburg regional.

Both Griggsville and Pleasant Hill are expected to qualify for the Pittsburg regional, leaving in their wake the other seven starters. Milton appears to have the best chance to upset the odds, probably meeting Griggsville in the semi-finals.

The fact that there isn't a stand-out in Jerseyville's district augurs for a wide open battle for the three places available in the regional pairings. Kane, Chesterfield and Grafton appear to have the best chances. Kane meets Brighton in the first game and Shipman plays Kampsville in the second game. Chesterfield and Buker Hill are matched in the third game and Grafton and Eldred will wind up the first round of play.

Vote for W. E. Mosley, Republican candidate for Coroner, Primary April 14.

## "Little Napoleon" of The Baroni Stable Sneaks Thru To Beat Out "Time Supply"

**By Robert Myers**  
Associated Press Sports Writer

Santa Anita Park, Los Angeles, Feb. 22.—(AP)—Top Row ran in a smashing victory in the Santa Anita handicap today winning \$104,600, the richest turf prize of the year. Cheered on by a close to 60,000 mid-day fans, the "Little Napoleon" of A. A. Baroni's stable sneaked through to beat out a gallant Time Supply and Rosemont.

Discovery, top heavy favorite to win the classic was bumped at the start, run on the outside most of the way and was never a dangerous foe. A total of \$350,000 was bet on the handicap, and more than a million dollars was wagered on the eight-race program. It was the largest crowd and the biggest "handle" in the history of horse-racing in California.

Pounding down the stretch, the riders tried to dodge a soggy spot in the track. Fouls were claimed—vainly—by Jockey Maurice Peters on Rosemont, and Tommy Luther on Time Supply.

Peters protested that Wayne Wright moved the fast-moving Top Row on him and Luther claimed Rosemont bumped Time Supply.

Finishing fourth behind Rosemont was Anzac, too far back to repeat his upset victory in the \$102,000 inaugural handicap last year.

Others crossed the line in this order: Fifth, Whopper; sixth, Pompadour; seventh, Discovery; eighth, Humpy; ninth, Thursday; tenth, Tick On; eleventh, Ariel Cross; twelfth, Singing Wood; thirteenth, Risedale; fourteenth, He Did; and fifteenth, Precinct.

Victory of the Baroni silks of blue and white meant more than \$104,600 first prize. Baroni trains Top Row and received \$7500 money awarded the winning handler. The Reno, Nev. sportsman collected more than the \$108,400 Fred M. Alger, Jr., made on Anzac, in 1935.

Anzac's fourth place was worth \$2500 today. The treasure chest of Mrs. P. A. Carrauld was enriched by \$10,000 second money.

William DuPont, eastern capitalist, was here to see his Rosemont win \$5,000. So was Alfred G. Vanderbilt present to see his mighty 1935 handicapper King, Discovery, a 3 to 2 choice, get bumped at the first and fail to be a contender at any time. Discovery's performance matched the race of the great Equinox in the 1935 Inaugural Santa Anita. Equinox, outstaying favorite, finished seventh.

Contrary to young Vanderbilt's pre-race prediction, the race was far from being "the greatest in Discovery's life."

## Everett Scott Not Interested In B.B.

Port Wayne, Ind., Feb. 22.—(AP)—Mention baseball to Everett Scott, the little shortstop who set what was then a major league record of 1,807 consecutive game hits helping win pennants for the Boston Red Sox and New York Yankees from 1914-1925, and you will get only a mild reaction. But talk bowling to the "Deacon" and you have his full interest.

The former big league star, who retired from actual baseball playing in 1928, hasn't seen a major league game in 10 years, he says his last two years he spent in the minor leagues but he's competed in the last six American bowling congresses and is sharpening up his eye on his own alleys for the congress opening in Indianapolis on March 10.

Scott knew little about bowling when he built a place in Port Wayne, his home town, in 1928, but he has improved rapidly and now is listed as one of the top bowlers of the country. His best ABC record was in 1933 at Columbus when he finished third in the all-events with a total of 1,987.

The "Deacon" now 42 and 47 pounds heavier than his major-league playing weight of 133, says that for a couple of years after he quit baseball he always got restless feel about this time of year when the baseball players began to fly south and the birds started back north. Now his interest in baseball carries him only to the sports pages and those he peruses only casually.

"Those days are all behind me," he says, and he has to be coaxed to bring out the scrapbooks in which are

# Top Row Runs To Smashing Victory In Santa Anita Handicap

## Walter Johnson Sails Two Coins Over Rappahannock River at Fredericksburg

By Eddy Gilmore.  
Associated Press Staff Writer.  
Fredericksburg, Va., Feb. 22.—(P)—Regardless of what George Washington may have done, Walter Johnson converted legend into actuality today and threw a dollar across the Rappahannock.  
With a motion easier than that with which he used to send his old speed ball steam down the groove to batters, the former strikeout champion sailed two coins across the river.  
"Gosh," exclaimed Johnson, "I didn't think I'd do it."  
The official toss cleared the ice-chunked river by 30 feet. Chief Judge Dr. H. J. Eckonrode, a Virginia historian, estimated the distance of the throw at 317 feet.  
Although he cleared the Rappahannock, Johnson's pitch was 1,100 feet short of what Representative Bloom of New York said the Washington toss would have been if he ever did it.  
Bloom congratulated Johnson after the throw, however, and invited him to spend the evening in Washington to celebrate the throw.  
The New York representative claimed the river was 1,420 feet wide at Ferry Farm when Washington lived here. City surveyors measured the present stream at 272 feet, and added 45 feet from the exact spot where the coin left Johnson's hand to where it landed.  
Unable to reconcile their calculations, the representative and the Chamber of Commerce called off a bet, by which Bloom would have lost

\$100,000 with his 20 to 1 offered odds.  
As the polished coin sailed over the river the citizenry on the opposite bank began a mad scramble.  
Peter Yon, 31, a Fredericksburg stone mason, finally clutched the coin and held it.  
This was the official toss. One of two preliminary tries also cleared the Rappahannock. Another fell into the water.  
Odds among better spectators rose sharply in Johnson's favor a few minutes before the throw.  
Word spread through the city that the Chambers of Commerce had, in civic interest, added 100 feet to the surveyors calculations.  
A story that reached the bettors was that Ray Mann, a high school pitcher, had been throwing rocks across the river all morning.  
The difference between a rock and a dollar did not offset the comparison between a high school pitcher and a former king of big league hurlers.  
Johnson, shortly before the pitch bashfully announced he had left at his Germantown, Md., home the 1796 dollar donated for the student by Bloom.  
"Shucks," he said, "I want to keep that thing. I hear it is valuable."  
A local banker did not change his offer of \$100 for the coin used, and Yon said he was going to sell it.  
At a sort of river bank press conference Johnson elaborated on his first remark.  
"I'm glad I could prove George did it especially after Sol Bloom made a campaign issue of it."

## Murrayville And Cathedral Carded For Coming Week

**Coach Walker Quarantined For 24 Hours; Moxon Becomes Ill**

Sickness reared its grim head into the J.H.S. basketball camp Saturday when Coach Frank Walker was quarantined to his home for a 24 hour period and George Moxon was sent home after a morning practice suffering from chills. Moxon remained in bed at home all day, and was reported to have a fever last night.  
Murrayville, annually one of the toughest teams Jacksonville high meets, and Cathedral Springfield city champions, will be the opponents of the Crimsons during the coming week, bringing to a close their 1935-36 season before opening play in the regional basketball tournament opening one week from Wednesday.  
Cathedral was added to the schedule yesterday after Coach Frank Walker had turned down first offers of a game from the team featuring to win the downtown Catholic basketball tournament opening in Decatur next Friday. Coach Don Anderson has been trying to come to terms with the Crimsons for the past week.  
Coach Walker was caught in his home when one of his wife's sisters came down with scarlet fever. The coach immediately submitted to a test, the outcome of which will not be known until sometime today, before packing his bags to move out. He said last night that he had had scarlet fever once, and hoped to avoid it now.  
Moxon became ill during a Saturday morning practice session, suffering chills and stomach disorders. He was taken home and put to bed immediately, and was reported by his mother last night to be sleeping after dozing all day.  
John Bellatti also failed to attend practice Saturday morning because of a cold. He planned to undergo treatment over the week-end and hoped to shake off the illness before Monday night.  
The Murrayville tussle Monday is expected to produce some of the best basketball of the season as the Crimsons match their speed and scoring ability against a team which is considered to be among the best scoring teams of the district. The Shadows, although weakened considerably by the loss of several of their star players from last year's district championship team, have turned up with a capable aggregation again this year.  
Ken Brown, one of the outstanding players of the area around Jacksonville, is the king-pin of the Murrayville team, ably assisted by Baker and Sexton, two lads who can lift the hoop. Keith Brown, Ken's little brother, is a speed king, and the Shadows recently regained the services of their biggest guard, Harney, who has been out of the line-up for six weeks with a broken arm. He played for the first time since his injury was pronounced cured against New Berlin Friday night.  
Cathedral will bring a tall team of boys here for the Wednesday night game, boys who have gone through their schedule without much difficulty. They have registered decisive victories over Runtz, and are undefeated in the Catholic school prep league, as well as champions of Springfield. They defeated Springfield and Fitchburg in snatching the city championship this year.  
Coach Walker gave in to the requests of his players that the high school book a game with Cathedral. The Crimsons want to get all of the tough competition they can find before going into the regional tournament, for they have their hearts set on a regional and a sectional championship.

## Fan Breezes

By Ernest Savage

Warmer weather, forecast pretty definitely by the weather bureau, is going to be a big help in turning out crowds for the district tournaments opening this week.

Attendance at high school basketball games over the state has been improving of late, but the fans, according to a lot of observers, didn't get their interest aroused until pretty late in the season.

This topsy-turvy season has brought about a lot of good basketball, however, and it wouldn't surprise us much if some of the smaller teams fight their way to a place in the state finals.

For instance, Beardstown, after taking three on the chin from Rushville, finally rose up and smote the Schuylers county lads Friday night. There is a chance that these teams will meet again in the Beardstown regional. The question before the house is whether crafty Bob Wixon, the Rushville coach, was preparing the way for a regional championship.

Ashland is coming right along—and will make things tough in that tournament or we miss our guess. Ashland's season record is outstanding—they have lost seven games by one or two point margins. Old Lady Luck is ready to smile on this year's team.

Coach Pop Mahan, who will bring the Virginia Red-heads into the Jacksonville district this year, has had two out of six teams he coached in Indiana in the state finals there. His road has been anything but smooth at Virginia, where he fell here to five boys who have played together for four years, and who still want to play the way they did when they were freshmen.

The boys drop back to their freshman style of play more from habit than anything else, but they do it under the stress of the excitement in a basketball game. They should be able to win the Jacksonville district.

## Illinois Outlasts Minnesota 35-33

Champaign, Ill., Feb. 22.—(P)—Illinois outlasted Minnesota in a nip and tuck battle tonight to win, 35 to 33, and strengthen its grip on third place in the western conference basketball standing.

The Gophers, led by George Roscoe and Jim Bager, had one of their "on" nights and held the Illini even most of the way. Illinois led by two points at the half, and at the start of the second period quickly worked up a 22 to 1 lead on field goals by Bob Riegel, Jim Vopicka and Harry Combes, before Minnesota scored again. The margin lasted until Roscoe, connecting with one-handed shots from well out in the floor, rang up three quick baskets to tie the score at 32-all.

Riegel scored on a followup and Wib Henry dropped in a free throw in the last minute while Baker made good on a foul shot for Minnesota. Roscoe led the scoring with 13 points, while Baker tied with Riegel at 12 points for runnerup honors.

The victory was Illinois' sixth in nine Big Ten games, with Minnesota suffering its eighth defeat in 11 games.

## Three I League May Not Operate

Peoria, Ill., Feb. 22.—(P)—Plans for operating the three-eye league, one of the oldest class B baseball organizations, this season were virtually abandoned today because of difficulty over the Fort Wayne, Ind., franchise.  
Fort Wayne officials were not prepared to make necessary repairs on the park there, according to Harry R. Scrantom, president of the Peoria club and vice president of the league. A conference between Scrantom and L. J. Wylie of Decatur, Ill., president of the league, failed to achieve a solution of the trouble.  
There was a possibility that Dayton, O., which operated in the Mid-Atlantic League last season, might join with Peoria, Decatur, Bloomington, Ill., and Terre Haute, Ind., and Evansville, Ind., for a six-club circuit.

Bruno Bierman, White Hall high coach, is superstitious. He refused to send in a picture of his team before it had clinched the championship of the Illinois Valley.

Ashland, incidentally, is quite proud of the record made by its grade school team this year. The grade school players have lost only two games thus far. Bluffs has them bested in this respect, however, for Lee Kory's boys have lost only one game.

D. T. Cloud, who will manage the local district and regional tournaments, is able to be out of his home after recovering from a tumble he took on the ice about a week ago. Everything is in readiness for the tournament he said yesterday.

Athens high has lost only four games this season, and strangely enough, two of them were to Jacksonville teams. I. S. D. defeated them at Athens just before the holidays when they had their full strength and Athens was without its spark-plug, Markey, and Jacksonville high handed them the other defeat by local teams. Beardstown and Mt. Pulaski turned them back on the other occasions.

Jacksonville high drew the crowd Friday night, but there was a rush from the David Prince gymnasium to the I. S. D. emporium to watch the closing minutes of the Illinois-Carthage game.

Dinty Moore, who has been assigned to the Quincy regional tournament as an official, is busy knocking off the pounds right now. Moore tipped the beam at about 250 when he started working out, and has dropped off about 12 pounds already.

It's just as well too, because Quincy has arranged for their regional tournament to open with four games on Wednesday, two on Thursday and a couple more Friday night to finish up in three days.

## Hudson Averages 10.1 Points Game

**Smith Indee Center Wins Scoring Honors In Y. M. League**

Official statistics from the Y.M.C.A. office reveal that Francis Hudson, Smith Indee center, captured individual scoring honors in the city Y.M.C.A. basketball league which concluded its play during the past week. An average of 10.1 points per game enabled Hudson to be the only player to surpass the hundred mark.

Not pushed for scoring honors after G. Welborn, Chevrolet layer, was forced to drop from the league, the leading scorer took the lead at the end of the seventh week of play and held it until the close of the season.

Only these two players were able to head the list of scores. During the year, and three others, J. Elliott, Ted Wainwright of the Jacksonville Merchants and Frank Clancy of the Swift Producers were the only participants to hold their positions among the first ten scorers from start to finish.

## Redlegs Will Have Seven Night Games

Cincinnati, Feb. 22.—(P)—Powell Crosley, Jr., who brought night baseball to the major leagues, asserted today his Cincinnati Reds were perfectly content with a rule limiting their nocturnal pastime to seven games a season.

"We have no intention or desire to play more than seven games a season," he said.

"We feel it might involve some serious questions if we were to open the major leagues to an unlimited number of night games."

He predicted, however, that other major league baseball clubs would take advantage of the 7-game night baseball rule sooner or later and said that he "imagined the season attendance would be better if all games were played at night."

## Virginia Looms As District Winner In Tourney This Week

**Hillview In Fine Spot to Cop at Greenfield; Two at Griggsville**

Virginia high's Red-Heads continue to loom as the favorites to win the title in the Jacksonville district tournament which gets underway here this Wednesday night, but three teams out of the eight starters in this tournament, and the two which start the same night at Greenfield and Jerseyville and two teams out of the nine starters at Griggsville, will qualify for the regional tournaments which will follow one week later.

Virginia, with a veteran team of seniors who are playing together for their fourth year, is the favorite to cop the title, but they face plenty of opposition before they reach the finals. The Red-Heads are paired with Woodson in their first game, and Woodson, during the fall season and early winter months was clicking along with a lot of speed. Lack of training facilities and almost unlimited playing space on the Illinois School for the Deaf court, where the tournament is to be held, will work some handicap on the Morgan county lads.

Franklin appears to stand the best chance of turning back the Red-Heads, but the Flashes have been just that all year long. They have leaped to the undreamed of heights of knocking off Waverly, won from Ashland early in the season, and have skidded and dropped a couple games to the Tigers and a couple more to Murrayville, two teams they would like to defeat.

Bluffs, another of the in-and-out-er teams should be able to cop the third place qualifying position. The Jays hit their high point when they fell Griggsville and Pittsfield to close decisions, but have won only six out of 19 games. New Berlin has found in its contact with Morgan county schools decidedly tough travelling, losing to both Murrayville and Franklin, the only two teams they have played from the county this year.

Name Officials  
Manager Dan T. Cloud completed the list of officials who will be in charge of the local district tournament Saturday. R. L. McConnell, of Manchester, and O. L. Krushoff, of Carrollton, will be the major officials and Raymond Nusspeckel will be the official timer, and Ernest Savage, the official scorer.

The deaf school is extending itself to make the visiting teams welcome, offering free swims to the competing teams after their games, and providing each visiting team with an errand boy to see that all of their wants are gratified.

Roodhouse, Greenfield and Hillview loom as the three teams to watch in the Greenfield regional, with the battling plucky warm before the firing is all over. Roodhouse, Greenfield and Hillview in the first game, and Greenfield tackles Patterson in the second game of the opening card, and both first mentioned schools are expected to come through, bringing about a Roodhouse-Greenfield semifinal. Greenfield recently nosed out Roodhouse by one point in a game at Greenfield.

Hillview is sitting in the best spot of all, and may be able to come through with a championship. Roodhouse has shown its best basketball of the season in the Greene county tournament, in which it defeated Hillview for the title and has earned the moniker of being a tournament team. Hillview, with a tall, careful playing bunch of boys, have Girard, Modesto and Palmyra in their bracket and if they are able to display their usual form, should reach the finals.

Pleasant Hill Coming  
Three games will open the program at Griggsville, where Pleasant Hill appears to have the best chance of coming out with a trophy. Rockport and Rockport Atlas meet in the first game, New Canton and Baylis in the second game, and Pleasant Hill meets Kinderhook in the second tilt. Pleasant Hill's surprising 43-24 victory over Pearl, a team which drew into the regional, stamps them as one of the teams just beginning to find itself and one of the serious threats toward Hill or Pittsfield's domination over the Pittsfield regional.

Both Griggsville and Pleasant Hill are expected to qualify for the Pittsfield regional, leaving in their wake the other seven starters. Milton appears to have the best chance to upset the dope, probably meeting Griggsville in the semi-finals.

The fact that there isn't a stand-out in Jerseyville's district augurs for a wide open battle for the three places available in the regional pairings. Kane, Chesterfield and Grafton appear to have the best chances. Kane meets Brighton in the first game and Shipman plays Kampsville in the second game. Chesterfield and Buker Hill are matched in the third game and Grafton and Eldred will wind up the first round of play.

Vote for W. E. Mosley, Republican candidate for Governor, Primary April 14.

## "Little Napoleon" of The Baroni Stable Sneaks Thru To Beat Out "Time Supply"

By Robert Myers  
Associated Press Sports Writer

Santa Anita Park, Los Angeles, Feb. 22.—(P)—Top Row ran to a smashing victory in the Santa Anita handicap today winning \$104,600, the richest prize of the race. Cheered on by a close to 60,000 wild-eyed fans, the "Little Napoleon" of A. A. Baroni's stable sneaked through to beat out a gallant Time Supply and Rosemont.

Discovery, top heavy favorite to win the classic was bumped at the start, run on the outside most of the way and was never a dangerous foe.  
A total of \$350,063 was bet on the handicap, and more than a million dollars was wagered on the eight-race program. It was the largest crowd and the biggest "handle" in the history of horse-racing in California.

Pounding down the stretch, the riders tried to dodge a soggy spot in the track. Fouls were claimed—vainly—by Jockey Maurice Peters on Rosemont, and Tommy Luther on Time Supply.  
Peters protested that Wayne Wright moved the fast-moving Top Row on him and Luther claimed Rosemont bumped Time Supply.  
Finishing fourth behind Rosemont was Azucur, too far back to repeat his upset victory in the \$100,000 inaugural handicap last year.

## Everett Scott Not Interested In B. B.

Fort Wayne, Ind., Feb. 22.—(P)—Mention baseball to Everett Scott, the little shortstop who set what was then a major league record of 1,307 consecutive game while helping win pennants for the Boston Red Sox and New York Yankees, from 1914-1925, and you will get only a mild reaction. But talk bowling to the "Deacon" and you have his full interest.

The former big league star, who retired from actual baseball playing in 1928, hasn't seen a major league game in 10 years, he says his last two years he spent in the minor leagues but he's competed in the last six American bowling congresses and is sharpening up his eye on his own alleys for the congress opening in Indianapolis on March 10.

Scott knew little about bowling when he built a place in Fort Wayne, his home town, in 1928, but he has improved rapidly and now is listed as one of the top bowlers of the country. His best ABC record was in 1933 at Columbus when he finished third in the all-events with a total of 1957.  
The "Deacon" now 42 and 47 pounds heavier than his major-league playing weight of 139, says that for a couple of years after he quit baseball he always got restless feet about this time of year when the baseball players began to fly south and the birds started back north. Now his interest in baseball carries him only to the sports pages and those he peruses only casually.

"Those days are all behind me," he says, and he has to be coaxed to bring out the scrapbooks in which are

## Roodhouse Noses Out Alsey 15-13

Alsey, Feb. 22.—A seven point scoring spurge in the third quarter gave Roodhouse a narrow victory over Alsey here tonight, 15 to 13, after Alsey had set the pace through the first half. Each team scored only one point in the fourth quarter as both

missed badly from the free throw line. Roodhouse had a 14-8 lead over Alsey at one stage of the game, but scored only one point from then on.

## Look Like Champs in Beating Missouri Deaf 44-25; Madison Beats I. S. D. Seconds 53-22

Illinois School for the Deaf uncovered one of its flashiest hits of play since the beginning of the month here last night to romp over Missouri School for the Deaf 44 to 25, after the Tiger seconds dropped a decision to an equally flashy Madison high school 53 to 22 in a curtain raiser.

Saving all of their regulars for the battle with the Missouri Deaf, the Tigers took it and liked it as the Madison team, leaders of its conference in which Granite City, E. St. Louis, and cities in that area are members, flashed around the court to win easily. Madison was badly off in ball handling, but had the speed and the accuracy to romp thru the Tiger reserves as if there was nothing in front of them.

The Tiger regulars, however, turned on their speed and fast floor work for the first time in a month to really show their class. Led by Wells, who poked the ball through the meshes 10 times from uncanny angles, the Tigers piled up a comfortable margin in the first quarter and held it through the second quarter.

Missouri made its best challenge in the third period when they moved up to within four points of the Tigers, but then Wells and Baumann began operations again, laying the ball on the threads on fast passing and rapid shooting to run up a 33 to 21 score by the end of the period. The Tigers kept piling in the points during the final quarter while the Missourians slumped.

Baumann came through with one of his best games of the season as he tossed in 13 points, playing a bang-up game at both wickets, while his teammates, Arman, Wells, Otten and Dhondt did most of the ball handling. Dhondt and Otten carried the Tiger key positions well, starting the activity which led to points, but Wells, with some expert work in short dribbling and quick shooting, was the feature of the game.

Madison's fast team outran Tiger reserves in the opening game, breaking an attack around the shoulders of the less experienced Tigers which caught them off guard through the first period. Gushieff, Madison center, was the star of the visitor's

attack, notching 16 points along with playing a good floor game. Skinner topped him with 22 points. The box scores:

#### Blueboys Call Off Game at Principia

The jinx that has been dogging the steps of the Illinois College basketball team delivered them from a basketball game with Principia at Elmhurst, Ill., last night, but at the same time took Cecil Fletcher to the infirmary of a local hospital with what is feared is malaria fever.

The game with Principia was called off because the gymnasium, in which the game was to have been played, has not been completed as yet. The Blueboys have one more game on their schedule, leaving next Friday for Naperville where they will play North Central.

Cecil Fletcher was removed to the hospital Saturday when he failed to respond to treatment. His illness, first believed to be a serious cold, developed distinct malarial characteristics and he was taken to the hospital.

#### White Hall Defeats Hettick 36 to 27

Hettick, Feb. 22.—Casting a bit of a shadow before the opening of the Greenfield regional tournament, White Hall tonight invaded this city to defeat one of Hettick's best teams 36 to 27. White Hall, however, failed to break the Hettick second team record and it finished the season without a defeat.

White Hall took the lead at the start and held it all the way. T. J. Woodward led the firing for the winners with 12 points, while Stratton, Hettick center, posted 11 points.

#### ORSATTI RETIRES

St. Louis, Feb. 22.—(AP)—Ernie Orsatti, former St. Louis Cardinal outfielder, telegraphed the Post-Dispatch today from Los Angeles he was retiring from baseball.

Orsatti was transferred this winter from the Cards to their Rochester farm in the International league. He was not effective last season either at the bat or in the field.

In his telegram Orsatti said he was now associated with his brother, Frank Orsatti, as "Artists' Representatives" in Hollywood.

#### CUP OF CHEER, AND ONE OF WOE

A soft cup that cheers the duffer, one that panics even the pros, and the regulation hole, will be used in a novel test during the Cavalier Open at Virginia Beach, Va., March 28-29. The cup with an eight-inch diameter, advocated by Gene Sarazen, will be used on one round, the regulation one of 4 1/4 inches on the second, and the small one of 2 1/2 inches on the third. At Houghton, Cavalier pro, is shown with the three receptacles.

## Blueboys Call Off Game at Principia

Cecil Fletcher Taken to Hospital; Malaria Fever Feared

The jinx that has been dogging the steps of the Illinois College basketball team delivered them from a basketball game with Principia at Elmhurst, Ill., last night, but at the same time took Cecil Fletcher to the infirmary of a local hospital with what is feared is malaria fever. The game with Principia was called off because the gymnasium, in which the game was to have been played, has not been completed as yet. The Blueboys have one more game on their schedule, leaving next Friday for Naperville where they will play North Central. Cecil Fletcher was removed to the hospital Saturday when he failed to respond to treatment. ## CRUISE TO NOWHERE

BEGIN HERE TODAY JANE WESTON feels her dreams have come true when she sits out on a three weeks' ocean cruise, accepted in payment for the salary due her when Dirk, a sailor for which she worked as a typist suspended publication.

On board the ship she meets handsome DIRK STROM, expert ski jumper, as penniless as Jane. The trip was a gift to him from the parents of a child whose life he saved.

Dirk introduces Jane to his friend, SNOWSHOES, a detective. Others on board are: NORA, a famous actress and owner of the Kokoi diamond watches; eccentric MADAME DORFUS; DUTCH LENS; and MANIE JACKSON, blackmailer; TINO ROSSI, opera singer; KEY MARTIN; and LINDA BATES, floor show entertainer.

Dirk considers Jane that she is merely a typist out of a job and he tells her he is not the playboy she has thought him. Misunderstanding arises when each confesses to having dreamed of meeting more glamorous companions.

Dirk hears Nora Lane come plain to the pump about notes near her stateroom. Dirk agrees to change staterooms with her. Jane meets Tino Rossi and is attracted by his attentions.

NOW GO ON WITH THE STORY CHAPTER X

AT the tea dance in the Venetian room the ship's passengers saw the blond young man with the actress, Nora Lane.

They wondered how he had met the actress, and some of them made guesses that he was going to be her third husband, now that her second marriage had gone on the rocks. It was exciting for the on-lookers. Miss Lane laughed for their exclusive enjoyment. It seemed. She was one of them.

But they saw that she laughed with a distinct retraction of her lips. Her eyes were undeniably sad.

"Tell me," she said to Dirk, "are you a bridegroom who was left at the altar?" Her voice was sympathetic. "I have been so terribly afraid that you were. It would hurt your kind so cruelly."

Dirk flushed. "You know my kind," he smiled. "I quite probably would be left at the altar. But why do you ask that?"

"You had the best suite on board—mine now, thanks to you. Wasn't there a woman who changed her mind? Please tell me. The thought of a boy like you facing such cruelty has distressed me—terribly! That is my failing. I absorb too many people's distress."

Dirk said, "No, I haven't been fitted. I'm afraid I don't fall that hard."

Nora Lane gave his shoulder a fond pat, and a thrill passed through the watchful crowd again. "You are a charming boy," she said.

Dirk experienced a little self-conscious pride. Everyone pointed them out in the saloon. He knew they were saying, "There is Nora Lane, the actress. I wonder who it is with her?"

He wished he'd met Jane Weston now. He'd like to show her.

Nora Lane asked then, "What do you do? Do you work at something or are you still just—living?"

She was so careful not to hurt anyone's feelings that she worded her questions like bright lines from a play. He told her he was only a ski jumper, and she smiled.

"I once saw those incredible fellows jumping at St. Moritz—sailing through the air like giant birds," she said. "I talked to a little Swiss in the stands. He was only 16. I asked to feel his arms to see if jumpers had any nerves and I

her instruction proved quite helpful to the members in attendance. At the close of the evening session a social hour was enjoyed by those present at which lovely refreshments of nut bread, sandwiches, fruit salad, tea cakes were served. There was a nice number in attendance.

The piers for the new bridge at this city are being completed. One more pouring will finish the pier work. The piers are a beautiful piece of work and stand 65 feet in height. When the bridge is ready for travel the country for many miles around may be viewed. The super structure will begin in a short time. Many of the people who will be employed on the steel work are making arrangements to locate here. The work on the piers has been dangerous during the sub-zero temperature as the frames and much of the structure were covered with ice many days when the men were working. However no serious accidents have taken place and progress was nicely made in spite of the weather.

There will be a meeting at the City Hall at this place next Thursday evening for the purpose of planning the program for the recreational project which will be in progress soon. The project Director for this city is Virgil Spears and he will have his office in the City Hall as soon as the arrangements are completed. The project will be carried on quite extensively in a short while.

## Hi-Y Officers to Springfield Meet

## Will Make Plans for Young People's Conference; Clubs Will Meet

This afternoon the officers of the Jacksonville Hi-Y club will go to Springfield to attend a committee meeting to plan for a young people's conference to be held in Springfield the latter part of March. Jacksonville and Springfield clubs have participated in these conferences for the past ten years.

The local officers are Dick Hartman, president; Gilbert Porter, vice-president; Lee Murphy, secretary; Bob Hermann, treasurer.

The boys' and girls' Gra-Y clubs of the South Jacksonville school expect to resume regular meetings next week. All other Gra-Y clubs in the public grade schools of the city have kept up their meetings. The severe cold weather has interfered with the South Jacksonville schedule.

The Young Men's Vocational Guidance club will meet at 7 o'clock Tuesday evening at Congregational church. An hour of recreation will be enjoyed first, the regular program starting at 8 o'clock. It is hoped to have a speaker from the state division of highways to discuss the vocation of highway engineering and construction.

Forty young people participated in the recreation period that followed the neighborhood program at the Jefferson school Friday night. This will be a regular feature of the neighborhood gathering from now on. Gymnastic games and social recreation were the principal features of the program.

## Retired Farmer Is Found Dead; Suicide Victim

### Body of Ira Lacey Found Hanging From Board of Corn Crib

Glasgow, Ill., Feb. 22.—(Special)—Ira Lacey, 70, retired farmer, ended his life by hanging Saturday afternoon at Glasgow Landing, on the Illinois river four miles west of here. The body was discovered by George Walk of Montezuma, who was driving to Glasgow on business, about 3 o'clock.

As Mr. Lacey was passing the large Terminal Grain corn crib on the river front he noticed the body of a man hanging at the end of a board which had been placed securely between the siding of the crib. Mr. Lacey pulled the body down and notified authorities.

Mr. Lacey had placed the board in the side of the crib, climbed to a pile of earth near the crib, tied a piece of telephone wire about his neck and the board and leaped into space. It is believed that he had been depressed a short time when the body was discovered on the north side of the building.

Mr. Lacey had been a patient at the Jacksonville State Hospital until three days ago when he was released. He was making his home with his son, Enos Lacey, who resides about a mile from the crib where the body was found.

Jess Fuller of Winchester, manager of the crib, was in Alsey, Ill., where he also is manager for a grain elevator. There was no one about the crib during the early afternoon.

Coroner Coullas of Winchester was called and held an inquest at the crib the jury finding that Mr. Lacey came to his death "by hanging, with suicidal intent."

A note found on the body, dated Saturday, February 22, stating that Mr. Lacey was despondent because of ill health. The note stated that if the family would have a surgeon examine the body they would learn what was the matter with him.

Mr. Lacey is survived by two sons, Enos Lacey of near Montezuma and Otis Lacey of White Hall. A daughter also survives. He also leaves one sister, Mrs. Alice Thomas of Bedford, Ill.

The body was removed to the Smith Funeral Home at Milton. The mortician crossed the Illinois river with his ambulance on the ice, saving several miles of travel.

Members of the coroner's jury were: Jess Fuller, J. E. Coullas, J. H. Benton, Henry Benton, Arthur Lovell and W. Andell.

Funeral arrangements have not been completed.

## John Atterbury Seriously Hurt In Shooting Fray

### Colored Man is Shot Twice Early This Morning With Shotgun

John Atterbury, negro proprietor of a business establishment on West Lafayette avenue, near North West street, was seriously injured by leaden pellets from a shotgun about 1:30 o'clock this (Sunday) morning. Shot twice with a shotgun loaded with large size shot Atterbury is a patient at Our Saviour's hospital, where his condition is described as serious. Police were looking for his assailant after a description had been furnished by witnesses.

The shooting is said to have followed an argument between Atterbury and another colored man. Following the argument the Atterbury establishment the firer of the shots walked outside of the building and fired two shots thru the door. One of the charges broke a window and the other passed thru the wooden part of the door.

Police were summoned and Atterbury was removed to the hospital. Dr. E. D. Canastey was called and after an examination found that the entire left side of the injured man had been struck by the shots from the gun. There were shots that entered the skin over the abdomen and heart but how deep they went could not be determined at once.

It is said there were between 25 and 30 people in the establishment when the shooting affray took place, but when the patrolmen arrived only two persons were present. Police are said to have the name of Atterbury's assailant.

## Plans Complete For Far East Institute To be Held This Week

With practically all dinner seats engaged by late Saturday afternoon, and with every indication that the decision to move the other sessions to the gymnasium with its greater seating capacity was a wise one, the stage is set and all plans completed for the MacMurray Institute on "Problems of the Pacific." The program will open with a lecture at eight o'clock Monday evening. Morning, afternoon and evening sessions will follow on Tuesday.

Much interest has been expressed throughout this part of the state in the programs to be given here. A number of people from nearby cities have expressed an intention of being present, and one of the great news agencies is expecting to cable its story on the meeting to its subscribers in China.

In order that the seven hundred diners who will attend the dinner meeting may hear without difficulty President McClelland has installed a microphone and amplifiers in the large dining hall which bears his name.

The Program  
The definite program of the sessions is as follows: First Session, Gymnasium, Monday, Feb. 24, 8 p.m. Prof. Frederick L. Schuman, University of Chicago, "American and Japan—Neighbors or Enemies?"

Second Session, Gymnasium, Tuesday, Feb. 25, 9:30 a.m. Miss Alva Long, International Relations Chairman of the General Federation of Women's Clubs, "The Future of the Open Door in China."

10:30 a.m. Mr. Yutaka Minakuchi, Japanese lecturer and writer, "Is There a Japanese Menace?"

11:30 a.m. Dr. No-Yong Park, University of Minnesota, "The Retreat of the West"

Third Session, Gymnasium, Tuesday, Feb. 25, 2 p.m. Debate between Mr. Minakuchi and Dr. Park on the issues between Japan and China.

3 p.m. Question Hour, during which all speakers will answer the questions of the audience.

Fourth Session, McClelland Dining Hall, Tuesday, Feb. 25, 6:15 p.m. Maurice Hindus, writer upon Russian problems, "Russia-Japanese Relations in Eastern Asia."

Chairmen announced.

The chairman of the Monday evening session will be Prof. G. W. Adams of the MacMurray History department. On Tuesday morning Mrs. Clarence Skeel, of Kampsville, who is President of the 20th District Federation of Women's Clubs, will introduce Miss Long. Mr. Minakuchi will be introduced by the Rev. Dr. M. L. Pontius. The chairman for the last address of the morning, that of Dr. Park, will be Mr. Alfred C. Crawford, of Chicago. Mr. Crawford is president of the Lake and Door Co. and is a trustee of the college.

The chairman for the debate in the afternoon will be Mr. Harold Gibson, Instructor in Social Sciences at Jacksonville High school and the highly successful director of debating activities there.

Prof. Gertrude Holmes Beggs of the MacMurray History department will conduct the Question Hour from three until four in the afternoon.

## County Chairmen Are Appointed For C.M.T.C. Program

### Francis R. Rantz is Named Head of Morgan County Organization

Announcement has been made of the appointment of county C. M. T. C. chairmen for the state of Illinois. Francis R. Rantz of this city has been named chairman for Morgan county. It is expected that the same number of enrollees will be received in 1936 as was received during the past year.

Efforts are being made to increase the appropriation to allow for more enrollees, and the number will be decided after Congress has passed the national defense appropriation.

County chairmen in this district are as follows: Brown, Roy C. Tarrant, Versailles; Cass, William C. Stribling; Greene, Dean Corsa, White Hall; Mason, Ray Graham, Mason City; Pike, Dr. Frank N. Wells, Pittsfield; Scott, Fritz Haskell, Winchester.

The Citizens Military Training Camps accept men of good character between the years of 17 and 24 and furnish them with a thirty day period of training. The Camps will probably be held during the month of July. Uniforms and equipment are furnished to the enrollees without charge and transportation to the camp is also paid by the government. The enrollees are not required to enlist for more than the one month training period for which they apply. Preference will be given to those who have previously attended C. M. T. C. camps, and applications for new enrollees will be considered for the balance of the vacancies.

The recruiting of the C. M. T. C. is in charge of the Military Training Camps Association, who are delegated by the War Department to obtain applications for these camps. The association has appointed a chairman for each county in Illinois, who is in charge of obtaining recruits in his county.

Commencing about March 1, 1936, application blanks and literature pertaining to the C. M. T. C. will be in the hands of every county chairman.

The chairman of the Monday evening session will be Prof. G. W. Adams of the MacMurray History department. On Tuesday morning Mrs. Clarence Skeel, of Kampsville, who is President of the 20th District Federation of Women's Clubs, will introduce Miss Long. Mr. Minakuchi will be introduced by the Rev. Dr. M. Mrs. Harold Zude  
Hostess to Society  
At New Berlin

New Berlin, Feb. 22.—Mrs. Harold Zude of the Ladies Aid society of the Baptist church, a pot luck dinner at noon was enjoyed by a large crowd of members and guests. In addition to it being the regular monthly meeting of the society, Mrs. Zude had also planned it as a "Surprise Kitchen Shower" for the newly elected President of the Society, Mrs. Kenneth Dunlap.

Mrs. and Mrs. Dunlap have been married eight years or more and have always lived with Mr. Dunlap's parents in March. Thus the kitchen shower was a help to her in her new home and a lovely amount of gifts were given her. The afternoon was spent in White Cross sewing.

News Notes  
The Mesdames Ed Wenneberg, Blye Wenneberg and Warren Osborne drove to Loami Thursday to attend the School of Instruction with Mrs. Bernice Ralisch of Springfield, giving instructions to officers of the Eastern Star Lodge. Mrs. Blye Wenneberg holding the office of Worthy Matron. Mrs. Warren Osborne of Chapin, and Mrs. Ed Wenneberg of Conductor.

Another fire that caused quite a bit of damage Wednesday morning but with a quick response from the fire department and help from neighbors saved it from burning. It was at the home of Mrs. F. J. Stapleton, our road commissioner.

Mrs. James Hauran, of Chicago, was called here this week by the condition of her grandson, Patty Stapleton, who is in St. John's hospital. He has been in a serious condition, but is reported better at this writing.

An epidemic of mumps is keeping quite a lot of pupils out of the school. The many friends of Mrs. John Elliott of Berlin, Ill., were greatly surprised to hear of the announcement of her approaching marriage to Rev. J. W. Bolton in the near future. The party was planned as a birthday and Valentine party and friends invited for a pot luck dinner and comfort tacking and as afternoon socials. The guests were included in the last one coming as a great surprise. Each guest was handed a paper heart with candy hearts enclosed. Each heart were found to have printed letters to form a word—and in arranging them by Mrs. Earl Lefelman and Mrs. William Robertson found the announcement, but no date given.

Mrs. Elliott is prominent in church work and social affairs and has hosts of friends in this vicinity and in the surrounding territory. Rev. Bolton occupied the pulpit of the Christian church several years ago, but has retired from the ministry and has been making his home with his daughter Mrs. Henry Biggs of Monmouth, Mo. Mr. Elliott died several years ago.
